

OSLO BENCH

In Norway, they call it design fortrefelighet, we call it design excellence. Oslo bench desking is the embodiment of that philosophy.

It melds beautifully structured polar white desk tops with a polished solid timber curved leg.

The natural tone of the wood legs is reflected with a highlighted desk top edge that blends with the natural wood hue. A flyover desk top appears to float above the strong frame giving a spacious look to the ensemble.

Wire management has been created with a triple port design to the tops enabling cables to be fed through a large central escallop or a side cable wave at each end. Even uneven flooring is no problem with discreet floor levellers fitted on every leg to adjust to different planes.

The white tops are made from high-grade MFC which are heat and stain resistant and provide every office with a Scandinavian oye appell (or eye appeal as we say).

Chair: Ergo Click Posture Chair (p104)

OSLO BENCH

Oslo Bench

Inject some Scandinavian design delight into your workspace with the Oslo Bench. The natural wood legs support a flyover desk top in stunning polar White with a wood highline contract edge.

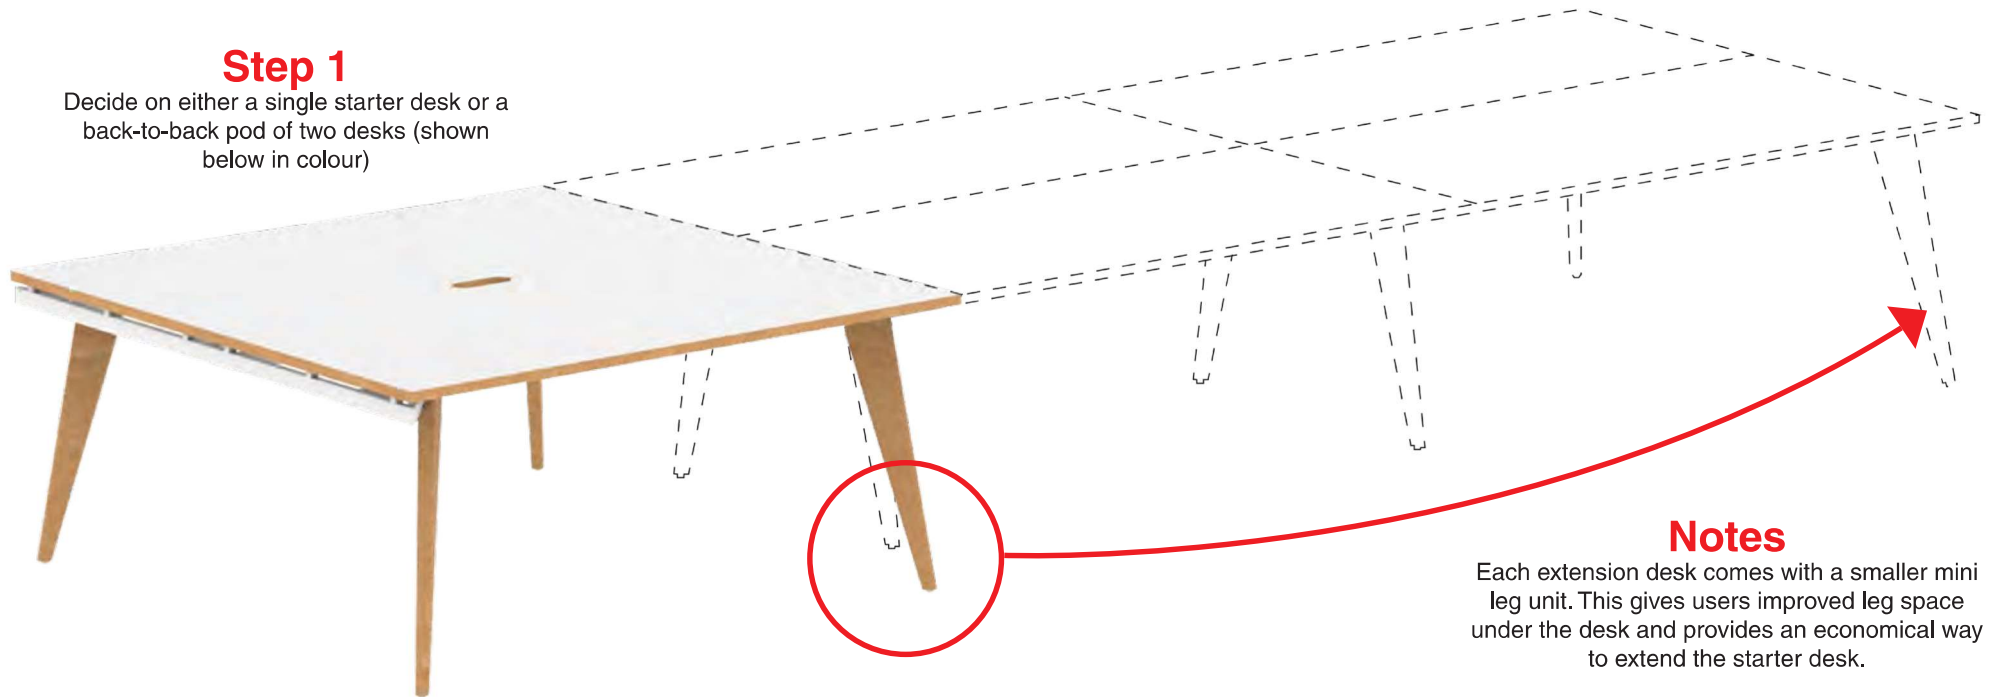

Oslo creates a stunning working environment that encourages teamwork, efficiency and provides a stylish workspace that anyone would aspire to inhabit.

Desks feature:

- Triple cable management scallops
- Flyover sliding desk tops
- Integrated location for screens
- 25mm heat and stain resistant tops
- 2mm thick ABS colour contrast edging
- Strong steel subframe
- Floor levellers

Step 1

Decide on either a single starter desk or a back-to-back pod of two desks (shown below in colour)

Step 2

Add an extension unit to match with your starter set-up in Step 1.

This means an extension single desk unit, or a twin desk unit depending on the original starter choice.

The dotted line indicates how a back-to-back extension adds to a back-to-back starter desk set.

Notes

Each extension desk comes with a smaller mini leg unit. This gives users improved leg space under the desk and provides an economical way to extend the starter desk.

One of the two full-depth leg units that come with the starter unit then goes at the end of the desking suite as shown with the dotted line on the right to finish off the run.

Options:

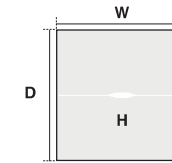

White with Warm Oak trim

Oslo Back to Back Pod of Two Starter Desks

- Back to back desk set-up for teamwork pod
- Solid wood Warm Oak finish legs

Code	Width	Depth	Height
OS2P12	1200mm	1600mm	730mm
