Baseus GaN[®] Pro Desktop Fast Charger 1U+2C+HDMI 67W User Manual

Please read this user manual carefully before use and keep it for future reference.

1. Product Specifications

Name: Baseus GaN5 Pro 2-in-1 adapter
Model No.: CCGAN67-HDS
Input: AC 110-240V~, 50/60Hz, 1.5A Max.
Type-C1 Output: 5V~3A; 9V~3A; 12V~3A; 15V~3A; 20V~3.35A Max.
Type-C2 Output: 5V~3A; 9V~3A; 12V~3A; 15V~3A; 20V~3.35A Max.
Type-C1+Type-C2 Output: 20W+45W Max.
Type-C1 20W: 5V~3A; 9V~2.22A, 12V~1.67A
Type-C2 45W: 5V~3A; 9V~3A; 12V~3A; 15V~3A; 20V~2.25A
HDMI Output: 4K 30Hz
Power Cord Length: 1.5m(4.92ft)
Product Size: 96×46×38mm(3.78×1.81×1.50in)
Product Weight: About 320g
Name: Full Featured Data Cable
Material: TPE
Length: About 1.0m(3.28ft)
Power: 100W
Data Rate: 40Gbps
Interface: Type-C to Type-C

The above data are measured by the Baseus laboratory, the actual use will be slightly different depending on the specific circumstances

2. Package Including

Charger × 1
Full-Featured Data Cable × 1
User Manual × 1
Warranty Card × 1

3. Schematic Display of Product

4. Product Description

This product combines the functions of a HUB and a fast charger into one with maximum 67W of total output, featuring a new type of semiconductor material called GaN (Gallium nitride). It is small-sized with various output ports (including 2 Type-C ports, 1 USB port and 1 HDMI port). It is multi-protocol certified, including QC4+, PD3.0, QC3.0, QC2.0, PPS, SCP, FCP, AFC, PE+ and more. And, it has the function of a HUB and supports HDMI expansion. The HDMI port can be used as the input port for TVs or projectors, and the USB port can connect to a USB flash drive, wireless mouse or keyboard. This product applicable to charging and expansion for laptops and Switches.

5. Use Environment

Storage ambient temperatures: - 20 to 40 degrees Celsius

6. Icon Description

The 10-year icon refers to the "effective life of environmental protection", not the product quality assurance period. Electronic products all contain toxic and harmful substances such as lead, mercury and cadmium. Once they are overused, toxic and harmful substances may leak or mutate, cause pollution to the environment, or cause serious damage to people and property. The term of "environmental protection use" means that all electronic products will be required to use within this effective period. We will no longer be responsible for the quality of the products due to the safety risks that arise after the safe use period.

7. Tips

Please read this carefully before using. Improper use will damage the product or personal safety.

- The product may generate heat during operation, which is completely normal. It is ETL certified, and safe to use.
- Do not store the product in places with high temperature, strong light and strong magnetic field. Do not place it in other harsh environments such as fire source. If water enters, dry it naturally and use it again.
- Improper use of the product can easily cause damage to the product or even endanger personal and property safety.
- Consumer shall be liable for any personal and property damage resulted from improper use against the user manual, to which our company will not bear any legal liability.
- Dismantling of this product by non-professionals is strictly prohibited.
- Avoid actions that could damage the device such as bashing, throwing, stepping on etc.

There is over-temperature protection inside, the maximum output can be lasted for 30min.

This equipment complies with the provisions of Directive 2012/19/EU. It is strictly forbidden to dispose of this equipment with ordinary trash; it must be recycled. This symbol indicates that the product shall not be treated as regular domestic trash, and must be delivered to a recycling center that is capable of recycling electronic and electrical equipment.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning Please follow the above safety instructions otherwise it will cause fire, electric shock, damage or other injuries.
