Bathroom Design, bathroom faucet, shower system

FontanaShowers is proud to provide an extensive selection of bathroom fixtures, but that can make it challenging when you're trying to narrow down exactly what you want or need. *Be creative. Be bold.* Simple aesthetic changes can have a large impact. Allow your bathroom to be a place of relaxation, rejuvenation, and inspiration.

The following bathroom design ideas are provided as a guide:

## Rain Showers

Do you have a large shower space? If you have a good-sized space, consider the Lima Luxury Stainless Steel Shower Set. Picture yourself standing under this spacious rain shower as six 4" body jets provide with you a soothing massage. At more than three feet in length, this is one of the largest rain shower panels available. The chrome finish adds a touch of modern sophistication to your existing bathroom design. Luxury all rain shower head.

## LED Waterfall Rainfall Body Spray Showers

Perhaps you describe your smaller shower as "cozy"? Plenty of our customers do, and for exactly this reason we recommend the Fontana Waterfall Shower with Body Massage Spray Jets. This modern art design delivers both waterfall and rainfall features in less than 24" in length. Our built-in hydro-powered device powers the LED lights, which provide visual shower temperature cues to reduce water waste. Turn off your harsh white bathroom lights and luxuriate in the soothing sensation provided by the LED light provided by your showerhead.

## Touchless Faucets

Does your sink faucet look less than "golden"? Our Gold Plated Motion Sensor Faucet delivers visually and functionally. At 16" tall it provides plenty of clearance to wash hands, face and even your hair! No more bending low and trying to get your head under the faucet. No more messing with the faucet handles to turn on and off when you're applying hand soap, shampoo or your hands are searching for a towel. This automatic sensor faucet identifies an object at 2" to 6" away based on the settings you choose. This beautiful gold faucet will reduce water waste and enhance the beauty of your bathroom.

*Be creative. Be bold.* Simple aesthetic changes can have a large impact. Allow your bathroom to be a place of relaxation, rejuvenation, and inspiration. Choose FontanaShowers products not just because of their durability and longevity...choose them for their creativity and enhancement to your home.
