

BIO BIDET DIFFERENCE

How Do I connect Electricity

Bio Bidet electronic models are designed to connect directly an existing outlet.
By UL regulation, 4' cord is standard for all advanced bidet toilet seat models.

Bio Bidets are Quality Approved Products.

Bio Bidet electronic models acquired more than 10 quality certificates from U.S, Canada, Europe, Japan, Korea, and China.

How important is it to use Bio Bidet every day?

Proper cleaning of your sensitive intimate areas is more important than washing your face! When we don't wash our face, dirt, germs and other impurities that remain can cause minor skin problems. However, neglecting to properly care for your more personal areas can result in much more serious diseases.

Choose a right Bio Bidet

As Bio Bidet offers a variety of bidet products from basic to luxury models, choosing one can be a confusing task. Know what you need and think about what your expectations are.

Here are some of functions can be included in your wish list:

Direct or Bubble Technology?

Ambient temperature or Warm water?

Mechanical or electronically regulated?

Air dry?

Heated Seat?

Natural or pump operated

Where to buy

It is very important where you purchase Bio Bidet products. It is strongly suggested to purchase the unit from an official distributor. Otherwise, you may have a hard time receiving prompt warranty service, as you have to provide proof of purchase for warranty service.

Privacy

This Privacy Policy governs the manner in which Bio Bidet collects, uses, maintains and discloses information collected from users of this Web site (each, a "User").

Privacy

Users privacy is very important to Bio Bidet. Bio Bidet is committed to safeguarding the information Users entrust to Bio Bidet. This Web site is not directed at children under 13 years of age..

The Information We Collect

Bio Bidet may collect personally identifiable information from Users in a variety of ways, including through online forms for ordering products and services, and other instances where Users are invited to volunteer such information. Bio Bidet may also collect information about how Users use our Web site, for example, by tracking the number of unique views received by the pages of the Web site or the domains from which Users originate. We may use "cookies" to track how Users use our Web site. A cookie is a piece of software that a Web server can store on the Users PC and use to identify the User should they visit the Web site again. While not all of the information that we collect from Users is personally identifiable, it may be associated with personally identifiable information that Users provide us through our Web site.

Disclosure of Information

Bio Bidet may disclose information collected from Users to trusted affiliates, independent contractors and business partners who will use the information for the purposes outlined above. We may also disclose aggregate, anonymous data based on information collected from Users to investors and potential partners. Finally, we may transfer information collected from Users in connection with a sale of Bio Bidet business.

Maintenance of Information

Information about Users that is maintained on our systems is protected using industry standard security measures. However, we cannot guarantee that the information submitted to, maintained on, or transmitted from our systems will be completely secure.
