-Mounting Plate

-Ground screw

**-Mounting screws (2)**

MOUNTING THE FIXTURE (FIG. 1)
1. Shut off the power supply at the fuse box or circuit breaker. If necessary, remove the old fixture from wall. Including the mounting hardware.
2. Carefully remove the new fixture from the carton and check that all parts are included as shown in the illustration.
3. Attach the mounting plate (I) to the outlet box using the outlet box screws (J). The side of the mounting plate marked "GND" must face out.
4. Attach the fixture wall plate over the mounting plate (I) and securing with mounting screws (H) until snug.
5. Place the glass shade (F) in the ring(K) ,Then secure finial(M) tightly.
6. Install the bulb in accordance with fixture's specifications. (DO NOT EXCEED THE MAXIMUM WATTAGE RATING!)

CONNECTING THE WIRES (FIG. 2)
1. At this point, connect the electrical wires as shown   in Fig. 2, making sure that all wire connectors are secured. If your outlet box has a ground wire (green or bare copper), connect the fixture's ground wire to it. Otherwise, connect the fixture's ground wire directly to the mounting strap using the green screw provided.
2. Tuck the wire connections neatly into the wall outlet box.

Your installation is now complete. Return power to the junction box and test the fixture.
