

QUADRO

SIDLER[®] International Ltd.

ATMOSPHERIC ILLUMINATION PAIRED WITH TECHNICAL FINESSE!

SIDLER® Quadro's 45° light frames the mirrored cabinet creating a floating, glowing ambient light effect and also, illuminates throughout the entire bathroom. And when the cabinet is perfectly recessed into the wall, this effect is even more noticeable and stunning!

Offers practical solutions and you will always find your way with the integrated night light! The SIDLER® Quadro features an integrated, dimmable night light with an easy access switch located inside the cabinet right next to the GFCI outlet and USB port.

It's easy on the eyes while, providing optimum light of $CRI \geq 90$ with natural colour illumination from its LED's. The lighting is complimented with the standard mirrored back wall interior for that finished 'SIDLER®' touch.
