Advanced Features

All TRONE toilets are equipped with these top of the line functions that will pamper your posterior.

Oscillating/Pulsating

Both front and rear wash can oscillate and pulsate for maximum cleaning.

Heated Seat

Instantly feel the comfort of a warm seat the moment you sit down.

Warm Dryer

Eliminate toilet paper with a temperature adjustable warm air dryer.

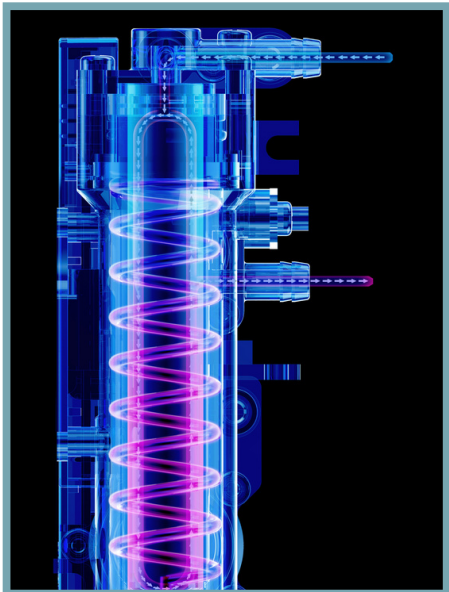

Adjustable Water Pressure

Exactly the way you like it each and every time. You can also change the position of the wand.

Soft Close

Approximately 30 seconds after no motion is detected, the seat lowers itself as lightly as a feather.

On Demand Heated Water

Washing with warm water is instantaneous and fully adjustable.

Night Light

Avoid harsh lights in the middle of the night and let the night light softly guide your way.

Aquatina II

AETBCERN-12.WH

Available Colors:

Classic
White

The Aquatina II smart toilet features our ToeTouch sensor which allows you to open, close, and flush the toilet. You can open the lid with the remote control and enjoy adjustable water, seat, and air temperature.
