

WarmlyYours

TempZone® Flex

Check List

Materials and Tools Required:

- ☐ WarmlyYours TempZone Heating Rolls
- ☐ Thermostat with Sensor Probe Wire (if applicable)
- ☐ Custom Design Layout (provided free with quote)
- ☐ Digital Ohm Meter (required for completion of warranty registration card)
- ☐ Circuit Check (sold separately)
- ☐ Scissors
- ☐ Staple Gun or Hot Glue Gun (concrete applications)
- ☐ Duct Tape or Box Tape (we recommend 3M 6969 Hi-Temp Duct Tape)
- ☐ Latex-Portland Cement (acrylic or latex modified thin-set mortar)
- ☐ Plastic Notched Trowel
- ☐ Self-leveling Cement
- ☐ ¼" Cork or 3/16" CeraZorb® Concrete Insulating Underlayment (WarmlyYours offers both of these products, which are recommended when installing over concrete. This is recommended to increase efficiency, but is not mandatory)
- ☐ Single Gang Electrical Box/es
- ☐ Conduit and Hardware (if required)
- ☐ Licensed Electrician
- ☐ Available Breaker Box Opening/s for Powering the Floor
