TRANSPORTATION AND STORAGE:

The product should be transported and stored in the package in compliance with safety precautions to avoid mechanical damage and exposure to atmospheric precipitation.

PRODUCT RECEIVING RULES:

Carefully inspect the product at the courier who delivered it. Pay attention to the configuration, the quality of the appearance of the product, the effect of transformation mechanisms (if any). Remember that accepting a product without specifying any flaws that may be detected when purchasing the product (visible flaws) will deprive you of the right to refer to them in the future. Only after inspection sign the act of acceptance of goods.

ALLOWED AND ARE NOT THE DISADVANTAGES:

- slight difference in the shade of the product (ceramics, wood, biopolymer, vine, glass, wool);
- a slight (within 10%) difference between the form and the photo of products. All of the F A I N A items are created by craftsmen manually; - slight (within 10%) color difference from photos of wood;
- texture and cracks in the wood, due to the artistic approach to the product; - a creak of transformation mechanisms, which appears during use and is easily eliminated by oil treatment.

BEFORE USE, READ THE FOLLOWING INFORMATION CAREFULLY:

- a new product may have a particular smell of materials used in the manufacture of furniture, which disappears after a while;
- a slight difference in the shades of wooden parts because of anisotropy (heterogeneity of properties along or across the fibres) is possible.

RULES FOR OPERATION OF WOODEN FURNITURE:

1. It is not allowed to keep furniture in damp and not aired rooms. The optimal operating conditions for wooden furniture are warm, dry, ventilated rooms at a temperature of 18-25° and relative humidity of 40-65%.
2. In order to avoid drying out of wooden furniture or its wooden elements, it is recommended to have decorative sources of moisture in the room.
3. Do not place furniture in the immediate vicinity of the heating system.
4. Do not place hot objects or sharp-edged objects on the furniture surface.
5. It is recommended to protect surfaces from mechanical damage, from solvents, alkalis and acids, as well as fats. To prevent stains please use tablecloth or stands for hot and greasy products.
6. It is recommended to protect from acetone, enzymes and other chemical and cleaning agents.
7. Wooden furniture must be protected from various mechanical damages.
8. Do not place wet, cold, or hot objects on a wooden surface, as this may result in white spots on the surface.
9. It is recommended to observe the furniture care rules specified in the warranty, in the passport and in the operating instructions.
10. Furniture must be installed on level surfaces.
11. Do not expose furniture to inappropriate loads. The load on the furniture should be distributed evenly and not exceed the permissible norm.
12. To prevent damage to the floor when moving the product, raise the furniture slightly above the floor.
13. Do not use cleaning or abrasive powders; there is a possibility that they can enter into a chemical reaction or scratch the lacquer coating, which will accelerate the ageing of the wood!
14. When purchasing cleaning and care products for wood furniture, pay attention to the composition of the products.
15. It is not recommended to step on the products, stand on the products at full height, sit on tables and chests of drawers, swing the furniture. To prevent accidents and damage to your furniture, do not allow children to climb on or in it.
16. A creak during operation of the mechanism is not a defect and is eliminated by lubricating the rubbing parts with silicone or high-purity machine oil.

CARE RULES:

- The main rule of care is to wipe the dust with a dry cloth and only touch the surface with a soft cloth — flannel, velvet, suede or special rags, the packaging of which says "for decor or furniture".
- In some rare cases, you can partially wipe the furniture with a damp cloth moistened with water and soap.
- Removal of local contaminants (spots) must be done immediately, not allowing them to dry.

IMPORTANT! When choosing a detergent, it is necessary to familiarize yourself with the instructions for its use or consult with specialists of specialized enterprises.

WARRANTY:

The warranty period for the operation of wood and ceramic products is 12 months and is calculated from the date of sale specified in the warranty card, and in the absence thereof from the date of shipment from the warehouse.
