

Circlèt

The Original Plus

**A workspace
designed for you.**

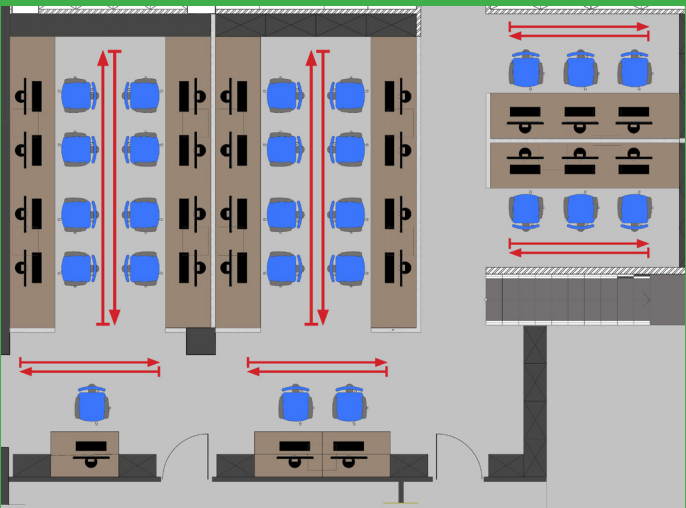

**Find your sanctuary,
Pull up a chair,
Tackle that task.**

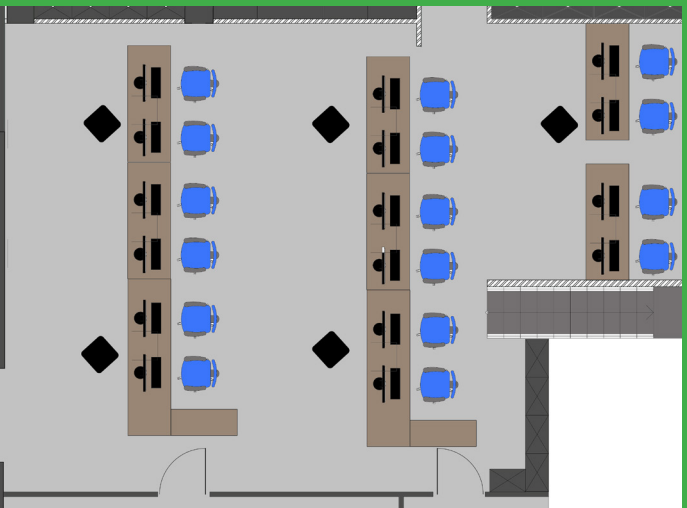

Next Level Space Planning

Traditional benching gives limited traffic options and greater chances of collision points.

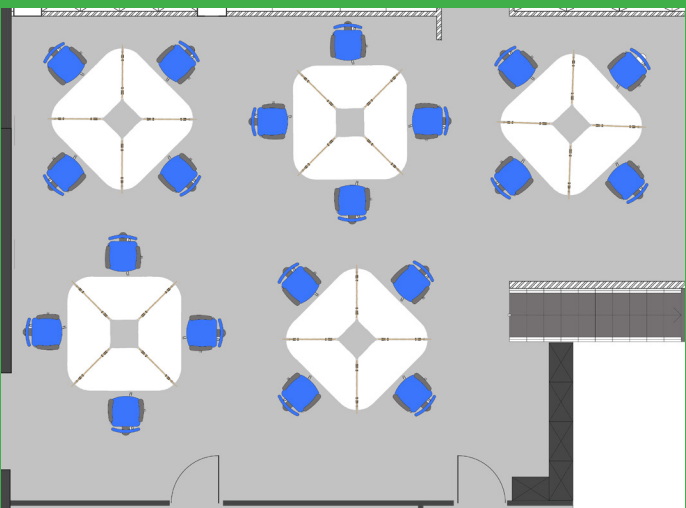

Pillars? No problem.

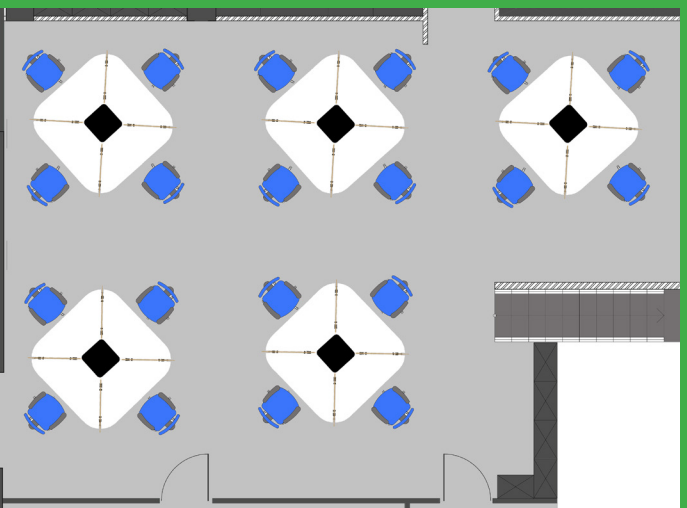

Open up different ideas of space planning because you do not have to eat up valuable space due to pillar obstruction.

Circlèt provides multiple ways to approach it, allowing for numerous traffic options and minimizing collision points.

Same space as above typical but with four extra seats.

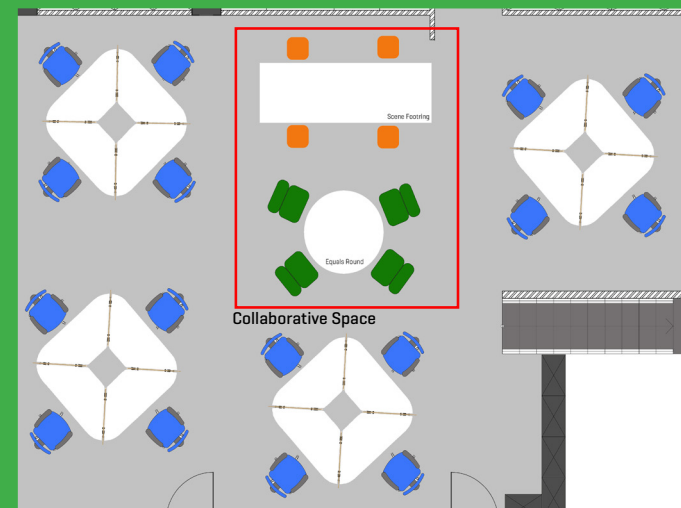

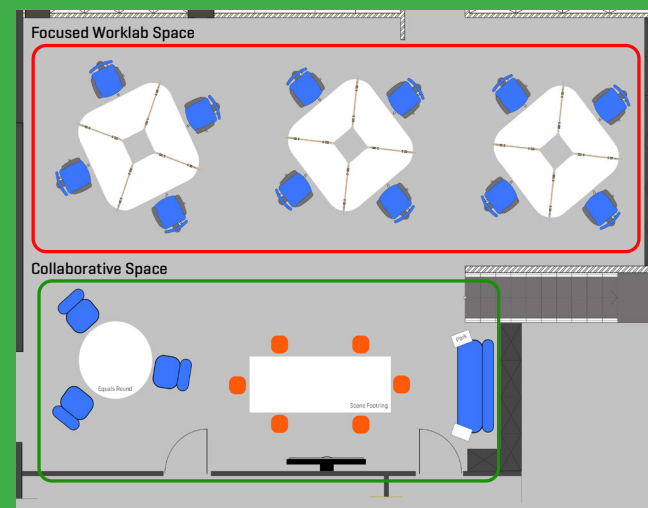

**Easy
Collaboration.**

**Works Well
With Others**

Pair with Social Spaces.
With the user's back to traffic highways, you can set up third spaces anywhere without distraction.

Makes a great companion to collaborative, virtual and lounge spaces.

**Steel Bracket
contains a built in
shelf and easily
secures to toolbar.**
