

LET YOUR HEART BEAT

Introducing Pilgrim's Autumn 2023 collection: Heartbeats

The new collection – Heartbeats – is a celebration of all the things that make your heart beat. It's a loving reminder to follow your heart and remember that life is not about what you achieve. Life is about the journey and adventures along the way. It's every day and every moment. Not one thing, one path, one dream – it's simply heartbeats.

Focusing on choosing the moment and going wherever the wind takes you, the Heartbeats collection looks to the contrasts of life to emphasize that in reality, life is a beautiful blend of opposites, and not a question of either/or. It's okay to be brave and scared at the same time. To love traditions and still be inspired by the future. To thrive on routine and seek the excitement of spontaneity. It's okay to be realistic and still take chances. It's all about doing it your own way, allowing things to happen without planning every little detail.

Anchored in Pilgrim's Scandinavian universe, the Heartbeats collection combines vibrant statement pieces with soft details, offering endless styling opportunities and ways of wearing the jewellery. From casual utility to statement-making silhouettes, it's all about following your heart, wearing jewellery to express yourself, and empowering you to be exactly who you want to be. Just let your heart beat.

Join the journey.

The Autumn collection launches July 20, 2023.
