ADOPTED CHILD

once upon a time, in a very average place, there was a couple who decided to adopt a kid. it turned out that their kid grew up to be way cooler and more fun than them. but their kid loved them anyways, and they all lived happily ever after.

once upon a time, in a very average place, there was a family who left for vacation in a camper van with no shower. mom and grandma flew home half way through the trip and dad and grandpa were stuck driving the kids home. they did not live happily ever after.

jk they were fine once mom showered and napped

TF009 Camper Van Family

GAY DADS

once upon a time, in a very average place, there was a girl who had to ask her aunt how to use a tampon. apparently, when you have two dads, nobody in the house knows shit about tampons. but they all lived happily ever after anyways.

also she was clever and hid stuff in tampon boxes

TF010 Tampon Dads

GAY MOMS

once upon a time, in a very average place, there was a mom who wanted a second kid, but she couldn't bear the idea of giving up wine and sushi again. so this time her partner was the pregnant one, and they had another kid and lived happily ever after.

Two uteruses fuck yeah

shout out to birth control for now and frozen eggs for later

TF012 Frozen Egg Traveler

DIVORCED MOM

once upon a time, there was a woman who decided that her partner was a real piece of shit. so she divorced their ass and raised the kids solo. she and the kids lived happily ever after.

Thank gosh for close friends

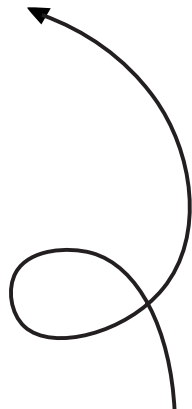

TF013 Divorced and Free

SINGLE

once upon a time, in a very average place, there was a woman who decided she didn't want to get massaged. and then she decided that she didn't really feel like having kids, so she didn't. she spent her days single and going to the movies and eating popcorn, and she lived very happily ever after.
