One of the most asked questions on our customer service line, on our socials and in our shop is 'WHAT DO YOU MAKE FOR ECZEMA?'

And while we have to preface this with a disclaimer to advise that we are not medically trained ..we also can attest to an incredible returning customer rate for the following products by customers who are struggling with symptoms of eczema and psoriasis. Dry, itchy troublesome skin.

The most important piece of advice that goes along with this routine is NOT TO USE SHOWER GELS OR LIQUID WASHES, GEL WASHES etc. They are laden with detergents and can exacerbate your situation.

*All About The Base*

Step 2: After showering or bathing moisturise the body with our Honey and Beeswax Body Cream. From £12.75 **Click here to view collection.**

*The Beekeepers Intense Balm*

Step 3: The Beekeepers Intense Skin Balm. Melt a little between the hands (a little goes a long way!), apply to the areas that give you the most grief. From £9.99 **Click here to view collection.**

Of course, we have a wide selection of products you can choose from in each step... however with eczema/psoriasis prone skin often comes sensitivity SOOOOO if you are sensitive, please choose the FRAGRANCE-FREE variant of soap, cream and balm. TO EASILY SELECT THESE PRODUCTS **just click here** from just £32.50!

Step 1, WASH ONLY WITH one of our goat's milk and beeswax soaps. Throw away that nasty shower gel, it is drying and probably making your skin much worse. We have several types of goat's milk soaps; you choose which one suits you best. USE WITH A SPONGE. From £5.99 **click here to view collection.**
