## Who We Are

We Make RI is a 501 (c) 3 non-profit in Rhode Island. Our mission is to develop industry by training workers for careers in manufacturing. With us, they get hands on experience producing goods, practicing quality control, and preparing shipments. At the end of our program, they have referenceable work skills to build their resumes.

We utilize full color, direct-to-film heat press technology, dye sublimation heat press technology, and high-quality embroidery to create uniforms, tee-shirts and promotional gear that will last. We use the same machinery as the large imprint companies on a smaller scale and source our imprintable goods from major suppliers.

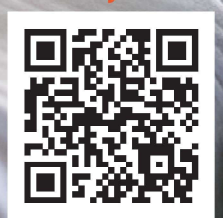

**By ordering your gear through us, not only do you get a great product at a great price, you help someone gain the confidence and experience they need to succeed!**
