

Product Data Sheet

Dried Bing Cherries
No Sugar Added

Product Description: Dried Pitted Bing Cherries that follow provisions of the U.S. Federal Food, Drug and Cosmetic Act and meets all standards for human consumption. They are prepared from sound, mature, Bing Cherries which have been washed, stemmed, force air dried, and pitted. There are no added preservatives or sugar. They are an all-natural product.

Shelf Life: Store in cool and dry controlled atmosphere ideally between 45°-55°. Keep product in the bag and box until ready to use. Store open partial bags in covered containers. If stored in recommended conditions the product quality will be maintained for a period up to 12 months after which quality attributes may begin to diminish. Avoid storage near strong odors or near items which may breed insects.

Ingredients: 100% Bing Cherries

Color: Black with hues of dark red and generally uniform in color.
