

Mazuri® Product Shelf Life Statement

The stability of nutrients in Mazuri® products is dependent on proper storage conditions. We recommend storing product in a cool (75°F/24°C or cooler), dry (< 50% relative humidity) place. Storage at higher temperatures and humidity levels will reduce nutrient concentrations and will affect our product warranty.

Mazuri® diets (e.g., primate, guinea pig, fish diets) include a form of vitamin C that is stable for over 1 year at appropriate storage conditions.

Production and expiration information for Mazuri® diets can vary based on product and manufacturing location. Please refer to the chart below for additional information.

Manufacture Date					
Location Of Manufacture Date	Product Type	Shelf-Life (1 Year)	Lot Code Example	Manufacturing Date	
Printed On Ends Or Seams Of Bag	Mazuri Bagged Products	365 Days From Date Of Manufacture	4NOV04DEN2 6APR15MAS1 03MAY20211	Nov <u>04</u> , 2014; 2nd Shift April <u>15</u> , 2016; 1st Shift May <u>03</u> , 2021; 1st Shift	
Printed On Label	Mazuri Gel, Meal, And Tablet Products	365 Days From Date Of Manufacture	20NOV21RTD1	November <u>21</u> , 2020; 1st Shift	
Julian Code
