# Hog Laser Illuminator

## SPECIFICATIONS

<b>Laser wavelength (nm)</b>	<b>532</b>
<b>Laser power output (mW)</b>	<b>&lt;5</b>
<b>Visibility-day (yd/m)</b>	<b>20 / 18</b>
<b>Visibility-night (yd/m)</b>	<b>100 / 91</b>
<b>Battery type</b>	<b>CR123A</b>
<b>Battery life (hours)</b>	<b>5</b>
<b>Operating temp (°F)</b>	<b>32 to 122</b>
<b>Dimensions, (in/mm)</b>	<b>5.25 x 1.38 x 1.5 / 133.33 x 35 x 38</b>
<b>Weight (oz)</b>	<b>7.2</b>

## FEATURES

- Visible green laser illuminator
- Turns traditional riflescope into night vision riflescope
- Green color does not spook varmints
- Push button or pressure pad operation
- Aircraft grade aluminum construction
- Shockproof design
- Weapon mount included

## INCLUDED ACCESORIES

- Weapon mount
- Riflescope mount
- Pressure pad
- CR123A battery

## About

The Firefield Hog Laser Illuminator turns a traditional riflescope into the ultimate night vision optic. The green laser is notorious for not spooking varmints and has a daytime visibility up to 50 yards and nighttime up to 600 yards. The Firefield Hog Laser Illuminator includes both push-button and pressure pad operation selections to interchange for personal preference and battery life conservation, which can last up to five hours. It's featured in matte black and constructed of aircraft grade aluminum and comes with both a weapon and riflescope mount, allowing it to easily attach to multiple firearms. The laser is both shockproof and rated IPX6 weatherproof, making it an excellent choice to bring on any hog or coyote hunting adventure.
