CANADA SHIPPING POLICY

Shipping costs associated with orders going to Canada are the responsibility of the customer. They do not qualify for the U.S. Shipping & Handling programs. Costs are calculated after the shipment and may appear as a separate charges. Once seed crosses into Canada it cannot be returned.

There is one shipment to Canada per week. Order cut off time varies depending on the season. Please order well in advance to allow ample time for your order to be processed, crossed and shipped. Crossing day is Thursday in the fall & winter and Wednesday in the spring & summer, but this is subject to change and will be noted on the website. Once crossed into Canada, the orders are shipped from Surrey, B.C. via Canada Post.

All Customs, Duties and Taxes are the responsibility of the customer. In addition to the standard customs charges, the Canadian government applies a 5% GST to small seeds less than 125 grams. If the seeds are sold by seed count, less than 2,500 seeds. For large seeds (peas, beans, and corn), less than 20,000 seeds or 5 kilograms will have the 5% tax. These charges will be added to your final invoice. We have no control over these fees.

Orders may not be returned once the seed is in Canada.
