## Main Features

### Motion Activation

Effortlessly activates lights and lowers the range hood to ensure optimal smoke capture efficiency with closer proximity.

### Built-in Design

Provides a concealed appearance when not in use, offering a high-end and unobtrusive look for your kitchen.

### BLDC (Brushless Direct Current Motor)

With higher load-bearing capabilities, it ensures superior ventilation with less noise, as quiet as 34dB.

### Sync Function\* with Cooktop

Synchronize the hood with compatible FOTILE cooktops without the need for a phone or router, ensuring a stable and convenient connection.

### Large Capacity Oil Cup Design

Experience hassle-free oil management without drips, ensuring a cleaner and more organized cooking space with extended cleaning frequencies for ultimate peace of mind.

\*This feature is available with any FOTILE Cooktop that features Sync Connect.

\*\*FOTILE Equivalent CFM is a higher CFM rating due to our filterless technology that combines WhisPower Motors and Capture-Shield design. By utilizing this technology, FOTILE applies the Coanda Effect by accelerating smoke extraction and grease separation, and increasing our Capture Efficiency. This enables FOTILE to cover a larger cooktop surface (7.2 sq.ft.) and achieve a 95% oil filtration rate, and 97% odor reduction rate, keeping your kitchen smoke free and smelling fresh.
