**100% GENUINE**  
ETHICALLY SOURCED

HIDES OF EXCELLENCE

## **GENUINE COWHIDE RUG**

### HANDLE WITH CARE

Our premium quality Brazilian cowhide rugs are 100% natural, ethically sourced animal hides. They are a highly versatile and practical floor covering or upholstery finish as they are incredibly hard-wearing, hypoallergenic and easy to care for and keep clean.

As a natural product no two cowhides will ever be the same. They are truly one-of-a-kind decor accents to be enjoyed and appreciated for their unique organic shape, hair-on-hide patterns and markings, and silky soft texture. These variations are not considered faults, but rather the qualities with which to be admired and appreciated.

For cleaning , we recommend vacuuming the hide with a soft brush on the gentlest of settings along the direction of the hair. To remove stains we suggest spot clean only with a damp wet water cloth. Allow to dry in the shade. Do not apply chemicals or detergents to a hide.
