HIDES OF EXCELLENCE

SHORN ICELANDIC SHEEPSKIN

HANDLE WITH CARE

This genuine Icelandic sheepskin is a sustainable, ethically sourced by product tanned under strict European Union guidelines to ensure it is free from harmful chemicals. We guarantee no harmful AZO dyes have been applied to this hide. It is safe for people, pets and the environment.

For best results we recommend spot cleaning using a soft, damp wet cloth with fresh water only. Do not submerge in water or apply any chemicals or detergents.
Allow to air dry in the shade.

Please note, we do not recommend placing an Icelandic sheepskin that has been colour dyed in direct sunlight. UV rays may fade and discolour the soft dyed fleece and colour transfer may occur.
