ABOUT US

We are the producers of palm and soy wax, scented and odorless candles, home scents and car scents. We started our activity in spring 2017 in Klaipeda. We pour every candle with our own hands with a lofty mood and great love for the products we create. We select scents and production materials slowly and thoroughly, and our collections are created with the help of professional product designers. We are here to create cosiness in our customer home, at the same time basing our activity on a slogan WE LIVE COZY.

WAX

We use only natural palm and soy wax to make candles, which is obtained from renewable sources. Due to production technology and palm wax properties, the surface of candles is covered with a beautiful crystalline texture. Each produced candle has its own unique texture. The burning time of palm and soy wax candles is several times longer than the burning time of candles made of paraffin. That gives you an exclusive opportunity to enjoy the warmth and beauty of candles much longer.

SCENTS

Scented candles and scents are made using aromatic and essential oils. Scented oils are produced in USA and EU maintaining the highest production standards, quality and safety requirements.

ECO PACKAGING

All Candle Family products are packaged in recycled paper packaging. Recycled paper sheets are also used to secure the goods in the packaging. All packaging can be recycled and we urge our customers to sort the packaging waste.

RESPONSIBILITY AND SUSTAINABILITY

In pursuing our activities, we try to create a sustainable and socially responsible business, we encourage not to waste natural resources, also we participate and support various social actions and projects. We do not produce industrial waste while producing our products, and poor quality production is recycled. In production we aim to use as many natural materials as possible from renewable sources, also we use energy efficiently for production.

The image shows three rectangular candle boxes arranged on a dark, textured surface. The boxes are made of a grey, fibrous material and feature a horizontal tan band in the center. Each band has a small, dark circular logo with the letters 'CF' in gold. The boxes are positioned diagonally, with one in the foreground and two in the background. The text 'SCENTED CANDLES' is overlaid in the center in a white, sans-serif font.
