

Wall Light Installation

Tools Required:

Adjustable Wrench

Philips Screwdriver

Before Installation

1. Please read these instructions before assembling or installing the product. **NOTE:** Installation by a licensed electrician is recommended.
2. Take out the fixture and the mounting package and make sure all parts are included. If any part is missing or damaged, please contact us.
3. All parts must be used as indicated in these instructions. Do not substitute any parts, leave parts out, or use any parts that are worn out or broken.
4. Do not disassemble the main body, as it has been installed & commissioned correctly & precisely before leaving the factory.
5. **IMPORTANT:** Turn off the main power at the circuit breaker and place the wall switch or pull chain in the "OFF" position.
6. Do not use bulbs with wattage greater than specified on this fixture.

Parts List

Part	Name	Quantity
A	mounting strap	1
B	wire connector	2
