NATURAL + ORGANIC BEAUTY AWARDS

We are widely considered leaders in clean beauty, and, when it comes to curating natural and organic beauty, we are well-known for our integrity—we vet every ingredient on every ingredient label for you.

Now, for the first time ever, we have decided to award top products with our new **Organic Spa Media Beauty Awards**.

Our criteria was simple: We judged each product on ingredient purity, efficacy, innovation and sustainability.

Here are our 2020 award-winners!
