

CHILL

Energy Elixir

A CONCENTRATED BLEND OF FUZZY BLANKETS, OLD VINYL AND CUDDLES TO ADD TO ANY DRINK

We used pharmaceutical-grade plant extracts known to reduce stress, gain resilience, and improve mood and respiratory function. CHILL is NOT intended to be a sleep aide, and won't cause drowsiness or leave you impaired.

Environmentally Efficient: Save space and waste as our highly concentrated formula contains 64 servings without opening a can.

No Flavors or Sugars Added: A dose, 1oz, can be added to any beverage without worry of diluting the taste of a crafted drink.

Shelf Stable: Keep a bottle right on your counter to make it easy to serve with our premeasured pump.

How to Use

CHILL is designed to blend seamlessly into any drink. Regardless of the size of the drink, a 1oz pump is a single "dose". Experiment with additional pumps to find *your* CHILL space.

1oz PUMP = 5MG OF CAFFEINE
