

CHILL Vibes Info

Why we created CHILL Vibes:

The energy space is FULL of caffeine-laced, stimulating drinks but what about relaxing? **CHILL** is all about reducing stress, gaining resilience and balancing your mood. If you are all fired up in the worst ways, **CHILL** is here to help bring you back down to Earth! This Energy Elixir is not intended to be a sleep aid or cause drowsiness and will not leave you impaired. Instead, you should feel emotionally refreshed and ready to continue your day/evening.

What makes CHILL special:

CHILL Vibes is a concentrate. One ounce is a single serving. We offer a unique combination of Ashwagandha, Caffeine, Griffonia (5-HTP), and Adhatoda Vasica to reduce stress, and improve mood and respiratory function respectively. Plant-based innovation helped us focus on functionality and mood elevation by using natural ingredients that have an entourage effect and work together. Let **CHILL** help ground you and find your center. We wanted to match the needs of the cafe so we designed this drink booster to be undetectable by taste or smell when added to a crafted drink.

Easy to use:

CHILL Vibes concentrate has been designed to blend seamlessly into any drink. Our one ounce pumps make portioning the servings a breeze. Instead of having to build your drink around an enhancer, you can focus on the taste of your beverage first without worrying about any flavor pairing or drink dilution.

Shelf stable:

This Energy Elixir can be stored right on your countertop, saving you valuable fridge real estate. Easy counter access makes for quicker service allowing you to pump mix and deliver efficiently to your customers.

Ingredients Explained:

CHILL - a concentrated blend of fuzzy blankets, old vinyl and cuddles to add to any drink

- Filtered water - only the the best out there
- L-Theanine - known to assist in stress reduction, improve mood and switch your frequency into an alpha state
- Ashwagandha extract - reduces stress, powerful adaptogen especially with L-Theanine for anxiety relief
- Citric Acid - preservative
- Potassium Sorbate - preservative
- Sodium Benzoate - preservative
- Griffonia extract (5-HTP) - serotonin precursor. Can have a positive effect on sleep, anxiety, mood and pain sensation
- Adhatoda Vasica - Rooted in Ayurvedic medicine, is widely used as bronchodilator - it helps you breathe
