## PRO POOL SERIES LIFTS

PAGES 5-8

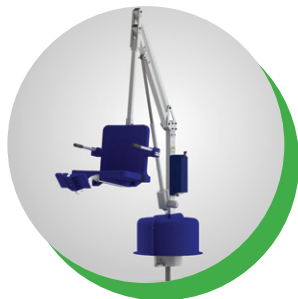

Small, compact, non-rotational lifts designed for mostly in ground pools and spas with minimal curbs and wall clearance requirements of up to 10 inches.

## MIGHTY SERIES LIFTS

PAGES 11-13

The newest rotational series of lifts providing a full 360 degrees of rotation. Designed for most in ground, and some semi-recessed and above ground pools and spas requiring wall clearances up to 48 inches.

## REVOLUTION SERIES

PAGES 9-10

Our original Revolution series provides a full 360 degrees of rotation and wall clearances of up to 40 inches. This makes the revolution series lifts ideal for both in ground, partially recessed and some above ground pools and spas.

## SPA SERIES LIFTS

PAGES 14-15

Designed specifically for accessing above ground spas and even tall swim spas requiring wall clearances of up to 68 inches. These lifts offer reliability, durability and a full 360 degrees of rotation.

## EZ SERIES LIFTS

PAGES 16-17

Our versatile EZ Series is an economical line that requires assistance from others. Their versatile design provides access to in ground pools, as well as spas with walls up to 58 inches high.

## TRAINING & EXERCISE

PAGES 19-23

Aqua Creek realizes that not all exercise and training equipment works for all people. We design and build equipment to accommodate people of many different abilities and allow them to get fit and stay happy and healthy.

## ACCESS CHAIRS

PAGE 18

Everyday wheelchairs were not designed to provide access to many recreational areas such as pools. Aqua Creek designs and builds access chairs to help people reach those environments safely and efficiently in order to appreciate the benefits of the unique recreational activities provided by those environments.

## ACCESSORIES & OTHER PRODUCTS

PAGE 24

Aqua Creek offers a plethora of useful options and accessories to compliment their products as well as other unique and useful items.

# RANGER 2

## PRO POOL SERIES

ITEM # F - R N G R 2

U.S. Patent Nos.  
7,249,386 B2 & D507,769 S

### ABOUT:

Perfect for smaller pool facilities and backyard pools, our #1 selling Ranger 2 features a sleek design, and offers effortless independent operation for the user. This non-rotating lift glides you to your destination in a single out-and-down motion. Thoughtfully built with stainless steel durability and seamless application, the Ranger 2 brings you the dependability and security you can expect from all Aqua Creek products without the bulk associated with other lifts. With its smaller footprint and field reversible design, the Ranger 2 is an easy solution to your pool access needs. Complete with flip-up armrests and the best warranty in the industry, you have the freedom to customize your lift with a number of color and accessory options.

### FEATURES:

- ADA Compliant & UL Safety Certified
- 350 lb (158 kg) weight capacity
- Adjustable base plate
- Field reversible

# PORTABLE PRO POOL 2

## PRO POOL SERIES

ITEM # F - P P P 2

U.S. Patent No. D507,769 S

### ABOUT:

No mounts, no mess, no problem. The Portable Pro 2 offers an affordable and compact solution for pool access without having to anchor into your deck. In a single out-and-down motion, you'll find yourself enjoying a day at the pool in seconds with our easy-to-use design that allows users to control their descent with a two-button submersible remote control. Designed for in-ground pools where the deck is flush with the top of the pool, this lift is easily rolled away from the pool edge when not in use. Along with a rechargeable battery, adjustable foot rest and flip up arm rests, you can choose from a number of add-ons to customize this lift to your specific needs. Looking to customize even more? Call our amazing Customer Service team today to ask about more color options!

### FEATURES:

- CE certified
- 350 lb (158 kg) weight capacity
- No anchor required
- Rechargeable battery with wall mount charger
- Stainless steel construction with powder coat finish
- Limited five (5) year warranty
- Includes 24v rechargeable battery and charger
- Ships common carrier, some assembly required
- Made in USA

### ACCENT COLORS:

# SCOUT EXCEL

## REVOLUTION SERIES

ITEM # F-SCTXL

U.S. Patent Nos.  
7,249,386 B2 & D507,769 S

### ABOUT:

A whisper-quiet 360 degree rotation in both directions, adjustable seat height, and an impressive 375 pound weight capacity makes the Scout Excel the perfect solution for almost any pool. One of our top selling lifts, this improved versatile design allows you to set the lift further back from the pool, while simultaneously clearing spa walls and pool curbs up to 26 inches high. All this combined with its minimalist aesthetic makes the Scout Excel an undeniable front-runner in the world of pool accessibility. The base of the lift fits into a standard 1.9 x 6 inches stanchion anchor, and adapters can be purchased for the lift to fit many other anchors that might already be in your pool deck. Why limit yourself? With a variety of custom colors and add-ons, you can truly make this lift your own.

### FEATURES:

- ADA Compliant & UL Safety Certified
- 375 lb (170 kg) weight capacity
- 360 degree direct drive rotation
- Adjustable seat height & foot rest
- Stainless steel construction with powder coat finish
- Limited five (5) year warranty
- Includes 24v rechargeable battery and charger
- Ships common carrier, some assembly required
- Made in USA

### OPTIONS/ACCESSORIES:

- Anchoring options for concrete, paver, and wood deck applications
- Anchor adapters for many existing pool decks anchors
- Chest strap for additional upper body support
- Cover to protect your investment from the elements\*
- Cycle attachment to convert to an exercise bike
- Headrest for comfortable head support
- Pull out leg rest for additional wall clearances
- Rescue spine board option
- Solar charging station to conserve energy

# MIGHTY VOYAGER

MIGHTY SERIES

ITEM # F-VGRPL

U.S. Patent No. D507,769S

## ABOUT:

Everyone can enjoy a day at the pool, and it doesn't have to involve drilling into your deck to make it happen. Introducing the Mighty Voyager — a whole new perspective on pool accessibility. With a unique and portable design that doesn't require extensive mounting, users are able to move the lift as needed making it the perfect option for homeowners, facilities with multiple pools, and those who are looking for a convenient or less permanent solution. This free-standing lift boasts a 325 pound weight capacity, achieved by utilizing a sand ballast system. The 15 inch opening allows for easy filling and removal of sand when necessary, and by purchasing sand separately, a considerable amount is saved in shipping costs. Adding to the functionality of this lift is a whisper-quiet 255 degree rotation, making pool entry seamless. The Mighty Voyager is available in your choice of accent colors. Choose from our standard color options, or ask about customized color options.

## FEATURES:

- ADA Compliant & UL Safety Certified
- ADA Fixing Kit included for ADA compliance
- 325 lb (147 kg) weight capacity
- Whisper quiet 255 degree rotation
- Adjustable seat height
- Sand ballast counter weight (sand not included)
- Flip-up armrests
- Stainless steel construction with durable powder coat finish
- Limited five (5) year warranty
- Ships common carrier, some assembly required
- Made in the USA

## ACCENT COLORS:

- Available in a variety of accent and powder coat colors
-  \*Blue seat standard (not a powder coat option). Ballast tank not available in white plastics.

## OPTIONS/ACCESSORIES:

- Cover to protect your investment from the elements\*
- Cycle attachment to convert your lift into an aquatic bike
- Headrest for comfortable head support
- Portable design for easy removal from poolside for storage
- Powder coat and accent color options to match almost any decor
- Rescue spine board option for safe water extractions
- Sling seat option for people with greater support needs
- Solar charging station to conserve energy
- Upper chest strap for added torso stability

# TIDALWAVE POOL BIKE

TRAINING & EXERCISE

ITEM # F-TWPB

\*Actual product may vary from pictures

## ABOUT:

The innovative design of the Tidalwave provides a low-impact and invigorating workout for people of all fitness levels. Whether you're recovering from an injury or looking for a high intensity workout with more resistance, aquatic cycling is the future of inclusive wellness. Found in physical therapy centers, gyms and home pools across the globe, these unique underwater bikes feature a flywheel design that provides a more natural and fluid ride. Multiple resistance levels, an adjustable seat, and handlebars allow users of all types to exercise at their own pace. In addition to its folding design for quick and easy storage, the optional semi-recumbent seat provides a backrest and seat handles that add support and security; an excellent rehabilitation tool whether you're in an aquatic spin class or your own back yard.

## FEATURES:

- 300 lb (136 kg) weight capacity
- Product weight is 50 lbs (22 kg)
- Adjustable seat height and handlebars
- Designed for barefoot use
- Easy folding design to save storage space

# AQUAJOGG TREADMILL

TRAINING & EXERCISE

ITEM # F - W X A Q J G

## ABOUT:

The AquaJogg treadmill offers all the benefits of walking and running, with the lower impact benefits of an aquatic environment! The running surface rollers are supported with durable stainless steel bearings and it is suitable for use on all pool surfaces including vinyl liners. The folding design and six anti-scratch rollers make it easy to place into and lift out of the water by rolling it up and down the pool wall while allowing for easy movement on the pool deck.

## FEATURES:

- 330 lb (150 kg) weight capacity
- Ideal water depth 35" (0.9 m) to 59" (1.5 m)
- Product weight is 58 lbs (26 kg)
- Folding frame design
- Running surface 15" (38 cm) W x 46.5" (118 cm) L
- Running incline is 10.2 degrees (5.8%)
- Stainless steel construction
- Limited two (2) year warranty
- Ships common carrier, some assembly required
- Imported

# SWIM TRAINING PLATFORM

TRAINING & EXERCISE

ITEM # F-250TTP

\*Product may vary

## ABOUT:

Aqua Creek's PVC swim training platform is an affordable, light-weight, well-built and dynamic addition to any pool. For swim instructors, the platform gives a greater sense of security to young swimmers by providing a raised pool floor from which they can practice and learn. It is also handy for both above and in-ground pools as a convenient seating option. The durable polypropylene decking is UV protected for use in the harshest outdoor environments, is barefoot friendly, and skid resistant.

## OPTIONS/ACCESSORIES:

Extended legs – 17.25" (44 cm) to 24.25" (62 cm) in 1" (2.5 cm) increments

## ACCENT COLORS:

This is only available in white PVC with tan decking

## FEATURES:

- 300 lb (136 kg) weight capacity
- 30" x 60" (76cm x 153cm) grated polypropylene platform deck
- Adjustable height – 16.5" (42 cm) to 22.5" (57 cm) in 1" (2.5 cm) increments
- Limited one (1) year warranty
- Ships common carrier, some assembly required
- Made in the USA

# THE AQUA WALKER

TRAINING & EXERCISE

ITEM # F-605UW

## ABOUT:

Aqua Creek's PVC Aqua Walker provides more security for those who are more frail or not as steady on their feet. The added safety of the Aqua Walker allows people to enjoy the benefits of exercise in an aquatic environment, building strength and better balance. The height adjustability feature utilizes easy-to-manipulate snap-pins and adjusts the armrest height in 1 inch increments; from 34 to 48 inches. MRI compatible 3-1/2 inch casters eliminate metal parts so they are durable, corrosion resistant, and roll easily on most pool floors.

## ACCENT COLORS:

This is only available in white PVC

## FEATURES:

- 300 lb (136 kg) weight capacity
- Durable UV and chemical resistant HDPE plastic arm rests
- Adjustable height – 34" (86 cm) to 48" (122 cm)
- Limited one (1) year warranty
- Ships small parcel carrier, some assembly required
- Made in the USA

# BUBBA II REPAIR TOOL

## ACCESSORIES & OTHER PRODUCTS

### ABOUT:

Eliminate multiple service calls and frustrated customers by repairing your customer's multi-port valve in one visit! No need to leave the job site and wait for a new valve to come in, simply use the Bubba II to compress almost any brand of multi-port valve and easily replace the seal and spider gasket in seconds. Simply adjust the tools base up or down depending on your valve size and with no more effort than using your forefinger and thumb, compress the valve and replace the seals. It really is that easy.

### FEATURES:

- Stainless steel construction
- Durable black powder coat finish
- Adjustable base height to accommodate most multi-port valve brands
- Easily compress multi-port valves using just your forefinger and thumb
- Limited one (1) year warranty
- Ships small parcel carrier, fully assembled
- Made in the USA

### ACCENT COLORS:

Available in black only

# SOLAR CHARGING STATION

## ACCESSORIES & OTHER PRODUCTS

### ABOUT:

The pioneers in solar capable pool access, Aqua Creek is still the only company to offer compatible solar chargers for their pool lifts! Our convenient Solar Charging Station provides a steady stream of low voltage power for your pool lift battery, extending its life and reducing the need to remove it each night for charging. Easy to install, and a great way to conserve energy, the solar charging station works with most Aqua Creek Lifts.

### FEATURES:

- Safe, alternative energy source
- Easy to install
- Durable stainless steel construction
- Limited one (1) year warranty
- Ships small parcel carrier, some assembly required
- Made in the USA
