

Recommended for drivers towing, hauling, or looking for a greater lift in the rear. Commonly used for trucks with +2-3" of squat or a trailer with +600lbs tongue weight. Our most popular application.

HEAVY DUTY

Available for most full-size trucks looking to improve overall performance. This application is for trucks that do not exceed 2" of squat, or have more than 600lb of tongue weight.

STANDARD DUTY

RoadActive Suspension strengthens the rear leaf springs by absorbing and dissipating load force energy, resulting in significantly improved load and road handling without compromising ride quality. RoadActive Suspension adds strength & stability with no readjustments or maintenance.

- ▶ **REDUCES SQUAT**
- ▶ **ADDED STABILITY**
- ▶ **IMPROVES HANDLING**
- ▶ **MAINTENANCE FREE**
