

# MARBLE RIDGE SPECIALTY FARMS WAGYU SPEC SHEET

E: sales@marbleridgefarms.com

Marble Ridge Specialty Farms Wagyu beef is derived from purebred Wagyu cattle. Our Wagyu are bred and raised in the USA and never administered any growth hormones, mass administered antibiotics, or any growth promotants.

Our cattle are raised free range for the first part of their lives in a clean, natural environment, grazing on an abundance of natural grasses in Missouri and grain fed for 500 days.

All Marble Ridge Wagyu beef is humanely harvested and processed at USDA certified facilities with an approved HACCP (Hazard Analysis Critical Control Point) program, CCP (Critical Control Point) identification and an SSOP (Sanitation Standard Operating Procedures) program.

Bag Type	Marble Ridge Farms	Pieces per Carton	80
Expiry Days	150 Days	Avg. Piece Weight	0.25 lb.
Refrigeration Statement	Chilled/Frozen	Avg. Carton Weight	20 lb.

## DESCRIPTION

Marble Ridge Farms Natural Casing Hot Dogs are made with 100% Wagyu Beef. These gourmet franks are full of juicy flavor that will take your backyard BBQ to new levels. Natural Casing Hot Dogs have the classic snap of a high end frank, holding in all the delicious wagyu flavor.

Marble Ridge Farms hot dogs are made of trimmings, the smaller pieces that come from steaks or other Wagyu beef cuts, that are perfectly ground and spiced to capture the signature, mouth-watering flavor of Wagyu beef at a more affordable price. These hot dogs come in a natural casing.
