

Special Features:

- ✓ 8.1 cu. ft. Capacity
- ✓ (1) Solid Swing Door & Tap Tower
- ✓ 1/2 Keg Capacity
- ✓ 3" Casters
- ✓ Stainless Steel Exterior
- ✓ R600a CFC-Free Refrigerant
- ✓ Forced Air Cooling With Large Fan Blades & Motor
- ✓ Digital LED Temperature Control Panel & Display
- ✓ Removable Magnetic Door Gaskets
- ✓ CFC-Free Foam Insulation
- ✓ Electronic Thermostat
- ✓ Auto Electric Defrost
- ✓ Tested and conforms to NSF-7 Standards

Product Description:

The Empura E-KDD1-S is a commercial direct draw beer dispenser with a 8.1 cu. ft. capacity, ideal for holding one half-barrel keg. It features a single tap tower with a stainless steel faucet and an insulated, cold-air-channeled column to maintain beer temperature. The unit has a durable stainless steel exterior and galvanized interior walls. A forced-air cooling system using R600a refrigerant keeps temperatures between 33°F and 41°F. Key features include a digital LED thermostat, self-closing lockable door, and 3" casters for mobility. Operating on 115V, it meets NSF-7, cETLus, and ETL certification standards.

Intended For Commercial Use Only. Empura assumes no liability for component failure, factory defects or any other damages for units installed in non-commercial foodservice or residential applications.

About Empura Direct Draw Beer Dispensers:

The Empura E-KDD Direct Draw Beer Dispensers are the perfect solution for serving ice-cold draft beer in bars, restaurants, and event spaces. Designed with a sleek stainless steel exterior and insulated interiors, these dispensers ensure optimal temperature retention for fresh, crisp pours every time. Equipped with direct-draw taps and spacious kegerator storage, they accommodate various keg sizes for versatility. Easy to maintain and built for durability, the Empura E-KDD beer dispensers offer a reliable and efficient way to enhance your beverage service!
