Fall Into Fabrics

Editorial Director Lindsey Shook shares fantastic fabrics that deliver wow factor

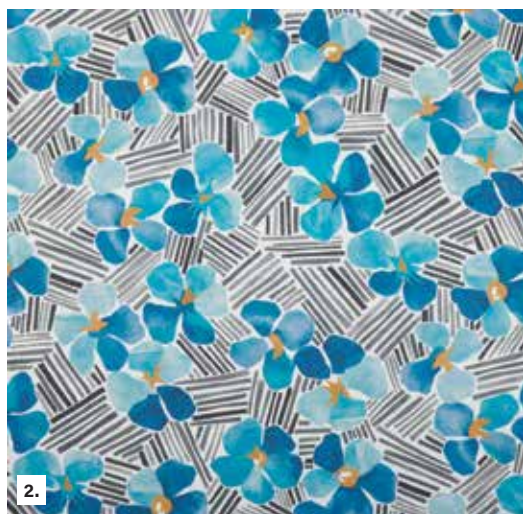

1.

1. “Celebrating its 80th year in production, **CW STOCKWELL** has reinvented their most iconic pattern by printing on a chic denim known as Martinique® Encore Denim.”

2. “Inspired by **BROOK PERDIGON**’s childhood paintings of her mother’s pansy garden, Tropics in Turquoise features a hand-painted collage of tropical florals set against a background of linework on linen. I love the simplicity of the artwork that still manages to make a dynamic statement.”

3. “I love traditional scenic textiles and have fallen deeply for L’Esterel, new from **PIERRE FREY**. Set on a hand-painted canvas, the panoramic fabric features an idyllic landscape in the south of France where the sunrise awakens the shadows and lights of the umbrella pines, the agaves and the Mediterranean Sea.”
