## Easy Rider

With its effortless brand of California hospitality, Palisociety's newest outpost, Palihouse Santa Barbara, has settled into a 1920s Spanish Colonial blocks from the Pacific Ocean. Offering just two dozen rooms, the property is intimate and chock-full of charm. Communal areas, like this living room adjacent to the bar, combine subtle coastal elements, preppy plaids, vintage treasures and, what founder Avi Brosh calls, "American Riviera" touches.
