

## Smart 360: SMT-S7 Robot

*LDS LIDAR + SLAM algorithm draws accurate maps and plans cleaning routes intelligently to ensure high coverage and high efficiency. Identifies carpets and increases suction power automatically - when entering carpet areas, the vacuum automatically switches to Max Mode with 2000 Pa suction power for deep cleaning.*

**Order #**

**299-0003**

Specifications	SMT-S7 Robot
Dimensions (l x w x h)	13.78 x 13.78 x 3.94 inches
Weight	8.11 lbs
Voltage	14.8V
Power	30W

Specifications	SMT-S7 Dock
Dimensions (l x w x h)	10 x 5.12 x 2.64 inches
Power	22.8W
Output	22.8W

- Sweeping supplemented with mopping
- Water seeps out slowly and evenly

- Leaves no water stains on your floor
- Set mopping limits on the mobile app
