SenSura® Two-Piece Ostomy System
Stoma Sizing Chart

Coloplast ostomy products are packaged in colour-coded boxes for easy product identification.

Two-piece products are packaged in boxes with a coloured stripe on the label. This colour code makes it easy to match the coupling sizes of flanges and pouches.

SenSura Click Two-Piece		
Non Convex barriers with flange		
Colour code	Skin barrier size (Diameter) or "Foot print"	Coupling size
Green ●	110 x 90mm - 4 3/8" x 3.5"	40mm - 1 9/16"
Red ●	120 x 100mm - 4 3/4" x 3 7/8"	50mm - 2"
Blue ●	130 x 110mm - 5 1/16" x 4 3/8"	60mm - 2 3/8"
Yellow ●	140 x 120mm - 5 1/2" x 4 3/4"	70mm - 2 3/4"
Convex Light barriers with flange

Coloplast Ostomy Care

SenSura® Click 2-Piece System

SenSura Click is the new 2-piece standard in ostomy care, offering a unique audible click-lock security ring. The patented click-lock technology provides the ultimate in security, convenience and simplicity with just a click to lock and a click to unlock. When the click system is locked, the pouch is securely fastened to the skin barrier.

Circle of Security **+** **=** **SenSura® Click**
SenSura Click combines the revolutionary double-layer adhesive with the added security of the click-lock security ring.

Assura® and Easiflex® Two-Piece Ostomy System
Stoma Sizing Chart

Coloplast ostomy products are packaged in colour-coded boxes for easy product identification.

Two-piece products are packaged in boxes with a coloured stripe on the label. This colour code makes it easy to match the coupling sizes of flanges and pouches.

Colour code	Skin barrier size (Diameter) or "Foot print"	Coupling size

Coloplast Ostomy Care

Easiflex® Two-Piece Ostomy Systems with Adhesive Coupling
Easiflex Skin Barrier With Flange

The two-piece adhesive coupling system is a great option for a flexible lifestyle! This ostomy pouching system is based on adhesives that make it easy to apply the pouch to the skin barrier- and easy to remove. This pouching system is hygienic and easy to clean, soft and comfortable, safe, and best of all… simple to handle. Easiflex is a great solution for post-operative situations.

Convex Light skin barriers include belt loops.

Coloplast Ostomy Care

Easiflex® Pediatric Two-Piece Ostomy Systems with Adhesive Coupling

Introducing a simple, soft, secure system for kids! This new ostomy pouching system is based on adhesives that make it easy to apply the pouch to the barrier. This pouching system is easy to clean, soft and comfortable, safe, simple to handle and features the EasiClose outlet. The Easiflex pediatric flange has no starter hole so the barrier can be adjusted for small stomas and off-centre application.
