

BAUSCH + LOMB

Ocuvite® Complete

Food supplement

Ocuvite® Complete has been developed by Bausch + Lomb, the eye care specialists, with over 150 years of expertise in eye health. Our ingredients are provided by premium suppliers to guarantee optimal quality.

Over time, just as every part of our body, our eyes begin to age. Studies have shown that your diet plays an important role in the health of your eyes.

Ocuvite® Complete is a science based formula that contains nutrients such as omega-3 and Zinc. None of these ingredients are produced by the body and need to be provided by your diet.
