

## Biodegradable Nitrile Examination Gloves

**The Sustainable Solution  
to Glove Disposal**

Tested in accordance with  
EN ISO 374-5:2016  
Resistance to Bacteria and Fungi - pass  
Resistance to Viruses - pass

Protection against  
particulate radiactive  
contamination  
(Excluding Clause 4.3)

Take action and help to preserve the environment with GloveOn Avalon biodegradable gloves. Designed to break down normal nitrile gloves in landfill settings, these gloves will take a shorter time to completely biodegrade. Avalon Gloves unique formulation maintains the high levels of strength and flexibility expected in a nitrile glove, while only allowing the biodegradation process to start once in landfill conditions. Feel confident that GloveOn Avalon will give you the protection you need and help you do your bit for the environment.

### Features

- Biodegrades in landfill conditions
- Fingertip textured
- Powder Free
- Not made with natural rubber latex
- Chemo drugs tested
- Lab chemical tested
- Ambidextrous
- Standard Cuff
- Violet blue colour
- Available in 5 different sizes

BDG33XS	X-SMALL
BDG121SS	SMALL
BDG121MM	MEDIUM

BDG121LL	LARGE
BDG33XL	X-LARGE

1 Carton min order qty.
