

PICNIC TIME® | FAMILY OF BRANDS

5131 Maureen Lane, Moorpark, CA 93021 USA

Proposition 65 - Safe Drinking Water and Toxic Enforcement Act of 1986

Statement of Compliance

October 1st, 2020

To Whom It May Concern,

Picnic Time products comply with all state and federal environmental laws including proposition 65 and do not contain unsafe levels of any chemicals known to the state of California to cause cancer or reproductive toxicity.

All products that contain PVC such as waterproof linings or backings contain minimal amounts of lead that are non-transferable and are undetectable by surface testing methods. In independent lab tests, our waterproof linings were found to contain lead but at levels far below the 100 parts per million that would be considered a health risk or require Prop 65 warning labels.

Picnic Time is committed to providing safe, durable, and environmentally responsible products. We are actively developing new materials to replace PVC in the near future.

Should you have any concerns or comments in regard to the safety of our products, please contact me directly.

Thank you for choosing Picnic Time.

Sincerely,

Kevin Guy
General Manager
Picnic Time, Inc.
