

QuickEasy™ Cell Direct RT-qPCR Kit-SYBR Green I

Standard procedure
6-9 hour protocol

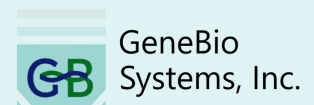

Cell-direct RT-PCR procedure
3 hour protocol

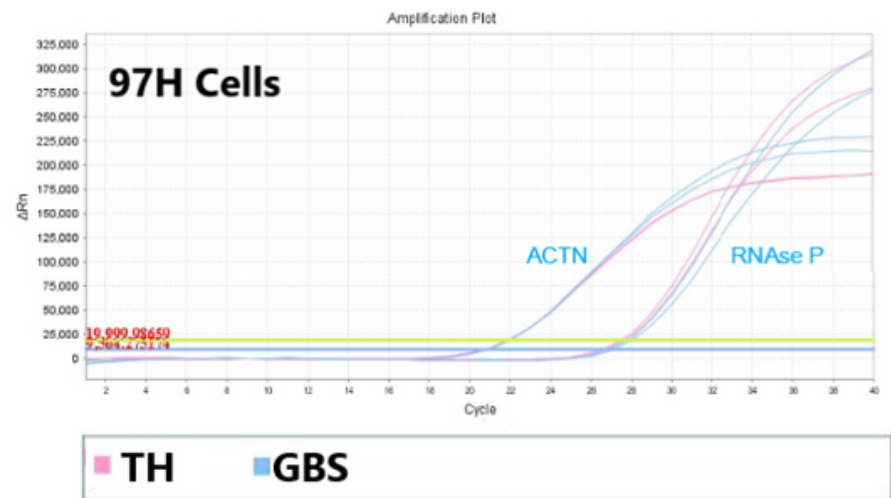

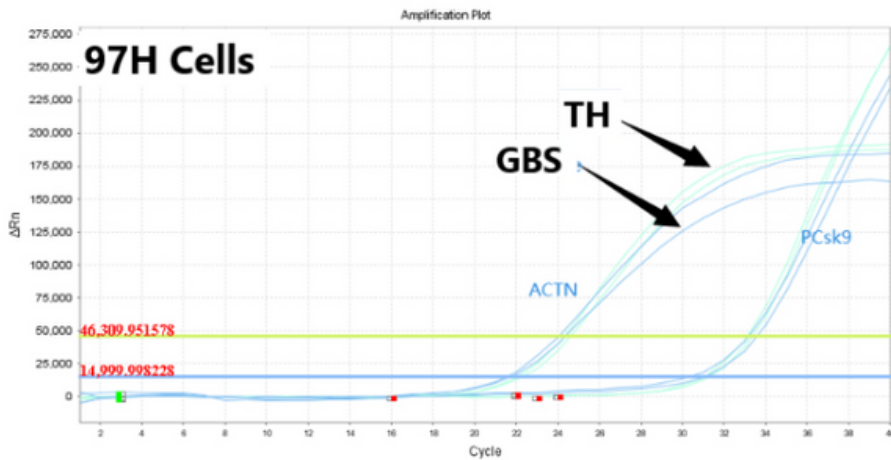

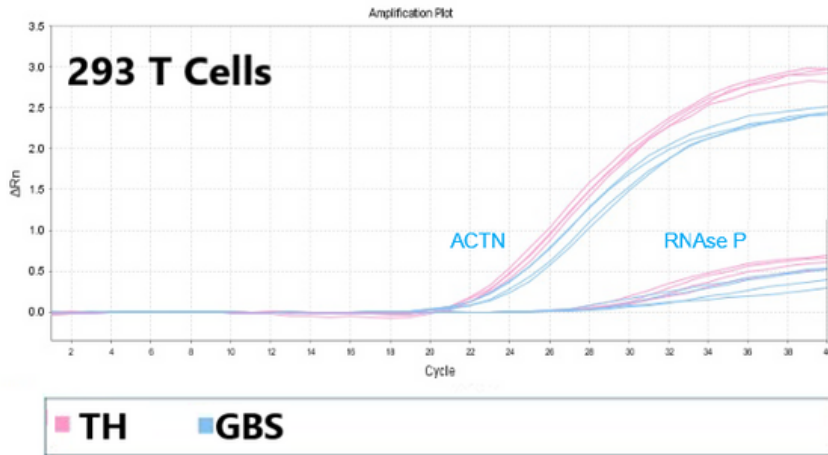

- With a unique lysis buffer system, RNA is **rapidly** released from cultured cells for use in one-step RT-qPCR reactions
- Eliminates RNA purification
- RNA template obtained from cell culture plates in **7 minutes**
- Quickly and effectively obtain one-step real-time qPCR results from a cell culture plate in **3 hours!**

CAT.#	PRODUCT	PRICE
DRT-01011	200 rxns	529.20
DRT-01012	1000 rxns	2,395.00

QuickEasy™ Cell Direct RT-qPCR Kit-SYBR Green I

In multiple experiments by several labs, no performance differences were observed between GBS and competitor product TH
