

Baileys Spring Compound

N	P	K	S	Ca	Mg	Si	Fe	Mn	Cu	Zn	B	Mo	Additives
14	2.5	11	12	1.3	2.4	0.6	0.3	0.4	0.02	0.02	0.02	0.008	Humates, Zeolite

A compound blend of two of Baileys top sellers, 3.1.1. Granulated and Energy Complete.

Specifically formulated for spring turf application, after maintenance and renovation.

Key features:

- ✓ **Complete analysis** promotes growth, repair and root development
- ✓ **High potassium** improves plant recovery after wear and stress
- ✓ Contains organic **blood and bone**
- ✓ **Humates and Zeolite** improve nutrient holding and uptake on sandy soil profiles. Their high cation exchange capacity holds and releases nutrients and reduces leaching.
