

HALLIS HUDSON

Ashbridge
COLLECTION

45mm hand finished solid Ash pole collection

Ash wood has been specially selected for the Ashbridge Collection, finished in a way that allows the beauty of the grain to show through. The natural beauty of Ash is enhanced by a choice of six colours made from a paint and powder combination to deliver a lustrous finish that compliments both classic and modern settings alike.

Ashbridge is a celebration of British heritage built on attention to detail; from the selection of wood used to the designs and colour finishes.

The six finial designs draw inspiration from stately homes and British gardens with influences including Neo-Classical Rococo & William Morris. Combining these unique designs and finishes the Collection brings a modern-day twist to classically inspired designs. While the most decorative finials are cast from a solid resin mould to deliver intricate detailing, the Chatsworth finial is carved from Solid Ash.

Sezincote

Elegant and ornate in design, Sezincote is perfect for creating or complimenting a traditionally lavish interior style

Ashbridge is a true chameleon, balancing beautiful historical design and contemporary finishes to create a pole collection suited to both classic and contemporary settings.

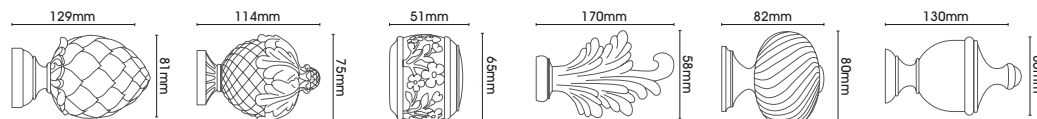

Equally at home styled with rich, luxurious heritage colours, such as the sumptuous blues pictured previously to create cosy but dramatic living spaces, Ashbridge is a colour confident range which is perfectly suited to light fresh shades too, for brighter calming interiors. The perfect complement to today's versatile colour choices, Ashbridge reflects an air of sophistication and splendour in to any home.

Complete Poles 45mm

Supplied complete with finials, brackets and 10 rings per metre.

Corded & Uncorded Wood Poles

Combining the beauty of a wood pole with the smooth functionality of a track, any Ashbridge pole can be ordered made to measure as corded or uncorded to allow an added level of convenience and control. Your tracked pole will be carefully hand-made by inserting a premium Silent Gliss metal track into the underside of the pole, along with quality components you can rely on.

Your curtains can then be hooked onto the gliders in the track, removing the need for rings. This gives a stunning finished look with the curtain heading running much tighter to the pole.

The specially designed tracks are married with unique, two-component gliders, to create the quietest curtain tracks available from Silent Gliss, who are renowned for their innovation and focus on quality. Our tracked wood poles offer a choice of two track systems, **6870** for uncorded and **3870** for corded. Cord operated tracks avoid the need to handle the fabric to keep them clean, and easily controls heavy or inaccessible curtains for your convenience.

Choose from Metal, Wood Clasp or Recessed brackets. The maximum length for 45mm poles is 580cm, and we recommend that any pole at 210cm and over is supplied with three brackets. All 45mm poles over 240cm must be supplied with three brackets, as they are supplied in two pieces.

To order Ashbridge Corded or Uncorded Wood Poles use Item No. **ASHBRIDGE/MTM**

The Very Best of Two Worlds:
Classic Style combined with
Sleek Modern Performance.

Ashbridge premium wood
poles incorporating
 SilentGliss technology

How to order your custom Tracked Corded or Uncorded Wood Pole

We recommend ordering your customised pole via the made to measure configurator at halliswebshop.com, for greater accuracy and to ensure no information is missed. Alternatively, you can download an order form from hallishudson.com which can be completed digitally, to email into our Sales office. Where specifications are not stated, we will make to our standard specification as detailed in the table below.

Premium Silent Gliss Tracks

Silent Gliss are renowned for their innovation and focus on quality. Specially designed tracks are married with unique, two-component gliders, to create the quietest curtain tracks available. Our Tracked wood poles offer a choice of two track systems, 6870 for uncorded and 3870 for corded.

Pole Finish	Standard Track	Weight Capacity		
		Standard (2C) or Roller Gliders	200cm	300cm
Baroque Gold	Antique Gold		12kg	11kg
Baroque Silver	Anodic Grey		14kg	13kg
Champagne Gold	Antique Bronze		14kg	13kg
Gold over White	Antique Bronze		14kg	13kg
Heritage Grey	Anodic Grey		5kg	8kg
Parchment White	White		5kg	8kg

The above weights are for poles supplied in one piece. If your pole is supplied in two pieces, the above weights are per side.

IMPORTANT: These weight limits relate to the corded tracking only. Please ensure that suitable wall fixings and the appropriate number of brackets are used, to handle the weight of your curtains and pressure of cord being pulled.

Detail	Standard Specification	Additional Options
Track colour	See separate table above	See separate table above for available colours
Does length include finials	No	Yes
Stock	Even pair	Single left, Single right, Uneven pair
Glider type	2C Gliders (11301)	Roller (6283) Heavy Duty Roller (6098) 80mm Wave, 2C Gliders (11302)** 80mm Wave, Heavy Duty Roller (6099)***
Pole in one or two pieces	45mm poles up to 240cm: One piece 45mm poles over 240cm: Two pieces	45mm poles up to 240cm: Two pieces 45mm poles over 240cm: One piece (uncorded only)
Brackets	Poles up to 210cm: 2 x Clasp Brackets Poles 210 to 360cm: 3 x Clasp Brackets Poles over 360cm: 5 x Clasp brackets	Any number of additional Clasp Brackets. Metal Brackets: Chrome, Antique Brass, Polished Brass

Precisely Engineered Support

We offer a choice of brackets, to suit your chosen pole style and personal preferences.

Clasp Brackets are supplied as standard. These stylish brackets allow gliders to pass unhindered meaning you can use as many clasp brackets as you wish for the ultimate support.

End Bracket

Centre Bracket

Metal Brackets offer a contrasting alternative. Poles up to 210cm can be supplied with two end brackets. Poles over 210cm must also be supplied with a centre bracket.

Recess Brackets can be supplied in place of finials at either one or both ends. If two recess brackets are required to allow

the pole to be inset into a recess, please specify this, along with the recess size on the order – we will make the relevant deductions for you, to ensure that the pole and brackets fit snugly.

Corded only
