

ARCHIVE INSPIRED DESIGN

Museums are truly inspirational places, housing many artistic finds spanning centuries of creativity, from architecture and sculptures to textiles, ceramics and much more.

Influenced by these natural treasures, the Museum collection is a celebration of our rich heritage, a glorious mix of cultural styles, far flung travels, and historical references; fusing grand country house style and exotic influences to enable individuals to create their own unique story in their own home.

A sophisticated collection of six archive inspired finial designs, Museum captures the essence of quintessential English decoration, to epitomise timeless elegance, suited to both classic and contemporary surroundings.

Hand crafted using the finest woods and traditional methods, all the wood used in our Museum collection is sourced from forestry commission responsibly managed forests, to ensure sustainable use, helping to protect global forests and habitation for animals and birds worldwide.

Museum is available in six colours, made up of classic neutrals and rich gilded finishes, which combine Dutch metal leaf with modern waxes to give a hard-wearing finish that stands the test of time, whilst offering strikingly opulent finishes with an air of quality.

A diverse collection, Museum is further enhanced by True Colours. A bespoke design service that allows poles to be painted in an array of colours selected from a range of paint suppliers, for a truly unique finish and superior level of individuality.

Beautifully hand finished here in Great Britain by skilled craftsmen, Museum is available in diameters of 35mm, 45mm and 55mm to suit a variety of décors, with tracked wood pole corded and uncorded options available on 45mm and 55mm, for that extra dimension of versatility.

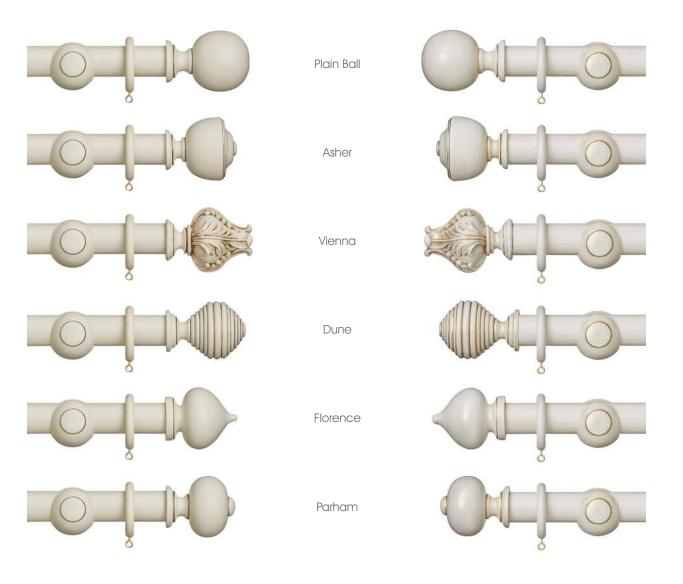

ANTIQUE WHITE

With its beautiful, hand finished patina, Antique White is the perfect neutral shade and complements almost every design style. Understated and incredibly easy to live with in any architectural setting, it sits effortlessly in a scheme, whilst adding an elegant finish.

CREAM & GOLD

A classic creamy finish, with a fresh undertone, which sits perfectly with an array of styles. Cream & Gold will warm up any room with its soft illumination and delicate gold patina to bring a subtle sophistication to any scheme.

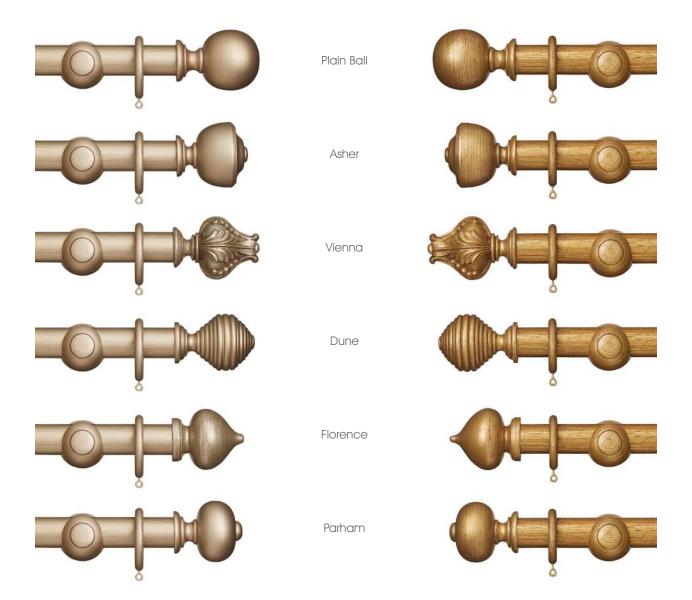

SATIN OYSTER

A lustrous shade with a gentle warmth, Satin Oyster has a delightfully sophisticated patina. A warm golden finish reminiscent of fine champagne, Satin Oyster adapts perfectly to classic or contemporary settings, adding a luxurious touch to any room.

ANTIQUE GILT

The simple splendour of Antique Gilt, with its rich metallic highlights brings sophisticated glamour to a scheme. An attractive, rich hand finished patina, gives Antique Gilt a striking and elegant appearance, with timeless appeal, equally suited to contemporary as well as classic interiors.

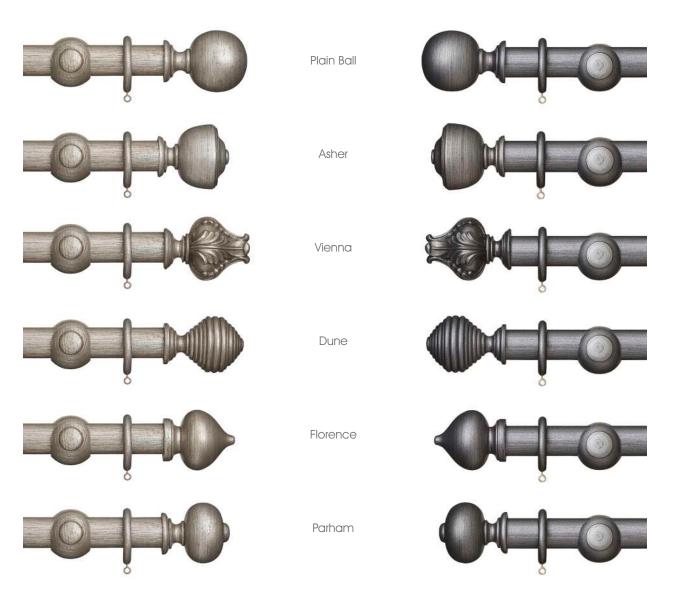

ANTIQUE SILVER

A prestigious finish, Antique Silver is a versatile shade which enhances both classic and contemporary spaces. The rich, hand finished patina, adds subtle warmth and lustre, and gives every pole individual character for a truly authentic dimension of luxury.

SATIN PEWTER

Lustrous and dark, Satin Pewter provides a harmonious look alongside darker colours or contrasts perfectly with neutral or muted tones. The sophisticated, hand finished patina enhances both classic and contemporary spaces, adding glamourous depth and a luxurious timeless touch.

CORDED & UNCORDED WOOD POLES

Our Tracked Wood Poles allow the beauty of the wooden pole and the hand finished patinas to shine through. Combining the decorative warmth of a wood pole with the smooth functionality of a Silent Gliss track, any 45mm or 55mm Museum pole can be ordered with a track to give a stunning finished look with the curtain heading running much tighter to the pole.

Your corded or uncorded Museum pole will be carefully hand made by inserting a premium Silent Gliss track into the underside of the pole. Silent Gliss are renowned for their innovation and focus on quality. Specially designed tracks are married with unique, two-component gliders, to create the quietest curtain tracks available. Our tracked wood poles offer a choice of two track systems, **6870** for uncorded and **3870** for corded. Cord operated tracks avoid the need to handle the fabric to keep them clean, and easily controls heavy or inaccessible curtains for your convenience.

To order Museum Corded or Uncorded Wood Poles in a standard finish use Item No. **MUSEUM/MTM**.

Or for a bespoke True Colours Corded or Uncoded Wood Pole please order using Item No. **MUSEUM/TCTR/MTM**.

Choose from Metal, Wood Clasp or Recessed brackets.

The maximum length for 45mm poles is 480cm and for 55mm poles is 600cm.

We recommend that any pole at 210cm and over is supplied with three brackets. All 45mm poles over 240cm and 55mm poles over 300cm must be supplied with three brackets, as they are supplied in two pieces.

The Very Best of Two Worlds: Classic Style combined with Sleek Modern Performance.

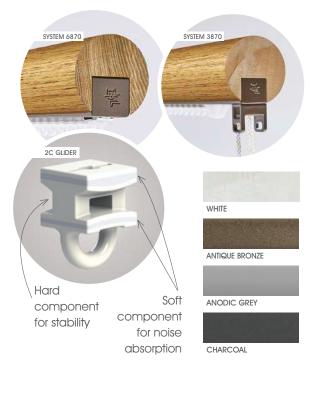

Museum premium wood poles incorporating SilentGliss technology

How to order your custom Tracked Corded or Uncorded Wood Pole

We recommend ordering your customised pole via the made to measure configurator at halliswebshop.com, for greater accuracy and to ensure no information is missed. Alternatively, you can download an order form from hallishudson.com which can be completed digitally, to email into our Sales office. Where specifications are not stated, we will make to our standard specification as detailed in the table below.

Premium Silent Gliss Tracks

Silent Gliss are renowned for their innovation and focus on quality. Specially designed tracks are married with unique, two-component gliders, to create the quietest curtain tracks available. Our Tracked wood poles offer a choice of two track systems, 6870 for uncorded and 3870 for corded.

Pole Finish	Standard Track Colour	Weight Capacity		
Antique White	White	Standard (2C) or Roller Gliders	200cm	300cm
Cream & Gold	White		12kg	11kg
Satin Oyster	Antique Bronze		14kg	13kg
Antique Gilt	Antique Bronze		200cm	300cm
Antique Silver	Anodic Grey	Wave (2C) or Wave Roller Gliders	200011	300000
Satin Pewter Charcoal			5kg	8kg
True Colours	White		5kg	8kg

The above weights are for poles supplied in one piece. If your pole is supplied in two pieces, the above weights are per side.

IMPORTANT: These weight limits relate to the corded tracking only. Please ensure that suitable wall fixings and the appropriate number of brackets are used, to handle the weight of your curtains and pressure of cord being pulled.

*Corded poles with 80mm 2C Wave gliders include extension arm(s) as standard. For uncorded, adjustable breaks and draw rod carriers are available as optional accessories.

**80mm Roller Wave is only suitable for corded poles which are supplied in one piece, but can be used on any length of uncorded pole.

***Corded 45mm poles over 240cm and 55mm poles over 300cm will be supplied in two pieces with a central join, unless requested otherwise.

Precisely Engineered Support

We offer a choice of brackets, to suit your chosen pole style and personal preferences.

Clasp Brackets are supplied as standard. These stylish brackets allow gliders to pass unhindered meaning you can use as many clasp brackets as you wish for the ultimate support.

Metal Brackets offer a contrasting alternative. Poles up to 210cm can be supplied with two end brackets. Poles over 210cm must also be supplied with a centre bracket.

Recess Brackets can be supplied in place

of finials at either one or both ends. If two recess brackets

are required to allow the pole to be inset into a recess, please specify this, along with the recess size on the order – we will make the relevant deductions for you, to ensure that the pole and brackets fit snuggly.

One of the great things about True Colours, our bespoke painted service, is that it opens up a world of possibilities, allowing customers to create their own unique look for a more playful approach to their interior decoration.

Choose from dynamic paint colours like vibrant magenta to rich emerald, or traditional indigo through to earthy tones and perfect neutrals. The True Colours bespoke design service allows poles to be painted in an array of colours selected from a range of paint suppliers, for a truly unique finish, and superior level of individuality and co-ordination.

To protect your painted finish we offer the option of a nylon strip as an addition. This is added to the top of your pole, so very discreet once the pole is in place, helping the rings to glide smoothly, whilst protecting your paint finish. We recommend the addition of this strip if your curtains are heavy or interlined.

To order your Museum True Colours pole please use Item No: **MUSEUM/TC/MTM**

Colour has the ability to set the mood in a room, creating energy with vivid shades, drama with rich dramatic hues or a warm, nurturing space with a soft palette. Now, thanks to True Colours, your Museum curtain pole can be painted in the perfect colour to suit the desired atmosphere.
