Maintenance and Care Instructions

- The table top conforms to the UK BS standard.
We recommend that you follow these simple tips and instructions to ensure it retains its good looks.
- This product may only be used for its intended purpose for residential premises.
- Kettler furniture is designed to be left outdoors all year round (excluding cushions).
- We recommend you clean your Kettler furniture at the beginning and end of the season.
- To clean your Kettler furniture, wash only with warm water and mild detergent. Do not use abrasive cleaners. Spray cleaners can and will cause the table to dis-colour.
- Remove food and drink residue, tree sap and bird droppings as soon as possible to avoid staining. Marks should be removed using neat mild detergent with a soft cloth and washed off with water.
- Do not leave hot items directly on the table. Coasters will protect your table from heat and water rings.
- Do not drop anything sharp or heavy onto the table.
- Take care when placing items onto the table to avoid scratches.
- Moving parts such as locking mechanisms, catches and joints need to be lubricated where necessary.
- Kettler furniture can be covered – we recommend that you only use Kettler tailored covers (where available).
- This product is 100% recyclable. At the end of the products life, please dispose of responsibly.
- We recommend flipping cushion seats and backs to ensure even wear for added longevity.
- Some styles of wine glasses and other glass objects can act as a prism in strong sunlight. Take care to avoid contact of these items directly with the table surface.
- Colours may vary slightly.

Attention

Please be aware that painted/varnished surfaces can be damaged by sunscreens and oil based products. If the surface of your Kettler leisure furniture comes into contact with sunscreens, the surface is to be cleaned without delay as described above. Only in this way can lasting discolouration of the surface by the ingredients of the sunscreen be prevented.
