

2023 COLLECTION

BobMarlinGear.com

Our story starts like any other fisherman's story. We love fishing and the challenges of the chase keep us coming back for more. Those late nights strategizing, the early morning excitement, the adrenaline kick of a screaming reel, the feeling of accomplishment, and the heartache of defeat. From dawn till dusk, we refine our skills in hopes of catching the ONE!

Challenged by the extremely hot climate in the Middle East, Bob Marlin Gear was founded in Dubai in 2017, creating ultra-lightweight fishing apparel, with ultimate UV-protection and unique designs.

We believe that experiences created while fishing are just as important as the fishing itself; it's about gathering with friends and family, creating good vibes, retelling old stories, and creating new ones.

Our brand was created for fishermen around the world to pursue their passion, in style and comfort, by offering the highest protection and quality standards in fishing apparel.

Made by fishermen for fishermen, all sharing One Love For Fishing!

PERFORMANCE HOODIES

Our Performance Hoodies are made of the same ultra-light polyester stretch fabric as our Performance Shirts. This incredibly soft material is designed for comfortable long days on the water, and offers ultimate UV-protection. The mesh side panels give the shirt extra airflow, and the water and stain-repellent features protect against stains.
