Let's protect today and tomorrow's fleet vehicles. Like a Legend.

# OUR MISSION

LEGEND FLEET SOLUTIONS TRANSFORMS INTERIOR SPACES OF TODAY AND TOMORROW'S FLEET VEHICLES, TAKING THE PROTECTION, SAFETY, PRODUCTIVITY OF MOBILE WORKFORCES TO THE NEXT LEVEL.

**3 VANS**  
**300 VANS**  
**3000 VANS**  
**300000 VANS**

NO MATTER THE SIZE OF YOUR FLEET,  
YOUR VEHICLES MUST BE PROTECTED FROM DAMAGE.

LEGEND INTERIOR PROTECTION PRODUCTS ARE  
FIELD-PROVEN, USED BY SOME OF THE LARGEST FLEETS  
IN NORTH AMERICA. AND, THE SMALLEST ONES.

## **KEEP PERSONNEL SAFE**

Prevent slips and falls with extreme anti-slip surfaces, easy-to-clean and mold-resistant products

## **PROTECT ASSETS AND BRAND TO REDUCE TOTAL COST OF OWNERSHIP**

Enhanced vehicle condition at end of vehicle life cycle

## **DRIVER COMFORT TO MAXIMIZE PRODUCTIVITY**

Flat floor, climate control, sound deadening, bright interiors

# PROTECT YOUR FLEET INVESTMENT

- **Increase Vehicle Resale Value**  
Highly durable products protect van panels from costly dents and damage and extend vehicle life
- **Optimize Operator Productivity**  
Enables ease of loading and operating conditions for technicians, reduce road noise
- **Create Safe Mobile Workspaces**  
Flat, anti-slip surfaces minimize trips and slips
- **Improve Professional Appearance**  
Clean, organized upfits enhance brand image
- **Proven Products in Field**  
Used in some of the largest fleets in North America
- **Extensive Product Access**  
Large network of upfitters across North America
- **Fast Quoting, Spec'ing Options**

Legend Fleet products are currently used in fleets of all sizes across North America, from last mile delivery and service vehicles to the utilities and telecom industry. Thousands of cargo van users rely on Legend interior protection to maximize the safety, comfort, and productivity of their mobile workforce and prevent costly damage to their assets.

# ALIGNING WITH THE **FUTURE** OF FLEET VEHICLES

For several years, Legend has taken steps towards a greener future. Before we actively embraced our environmental stewardship, our sister company used recycled rubber in the agriculture industry to produce flooring mats for dairy and beef cattle. Learning from our roots, we began incorporating recycled material into our products as well. Now, as we grow and recognize the need for everyone to do their part, Legend is committed to ongoing environmental responsibility in product development.

As the Fleet world begins to rapidly transform into a more sustainable, electric-forward industry, Legend is right along with it. We use recycled materials in most of our products. For example, our main rigid floor is made up of over 75% recycled material. Being part of something bigger enriches our team's positive outlook towards a greener industry and a more sustainable future!

**SUSTAINABLY  
SOURCED  
PRODUCTS**

**USING  
RECYCLED  
MATERIALS**

**MAKING  
GREENER  
CHOICES**

**REDUCING  
CARBON  
FOOTPRINT**

# A LEGEND IN THE MAKING THE **LIGHTWEIGHT** **FLOOR**

Currently in final trials, our new lightweight floor will be revolutionary for the future of the fleet industry.

Manufactured with a high percentage of recycled material this floor will maintain a very high co-efficient of friction Legend customers have come to expect.

Extending the range and maximizing payload while providing a safe, single level surface, this durable lightweight floor is the perfect protective option for all vehicles, especially Electric Vehicles.

STAY TUNED FOR THE DROP. COMING SOON.

**NOTE ABOUT DIFFERENT SPRINTER WHEELBASES**

The measurement of the distance between both wheel wells for different Sprinter Rear Wheels Configurations' is below:

- Standard Single Wheels: Approx 53.75"
- Super Single Rear Wheels: Approx 49.00"
- Dual Rear Wheel: Approx 39.00"

Please pay attention to this to make sure you order the correct parts for your vehicle's configuration. If your vehicle has dual rear wheels or super single rear wheels, it will need a product extension found on the product pages.

RIGID FLOOR + SILL PLATE SET  
INSULATED DURATHERM DOOR LINERS  
INSULATED DURATHERM WALL LINERS  
INSULATED DURATHERM CEILING LINERS  
WHEEL WELL COVERS *(Single Rear Wheels -Transit, ProMaster, Sprinter only)*

## PRODUCT EXTENSIONS

If your vehicle is a non-standard configuration, the following extensions must be added to the end of part numbers. For example, a StabiliGrip floor for a Ford Transit 130" WB dual sliding doors would be 731-135-6441.2.

- .1 Dual Wheels
- .2 Dual Side Sliding Doors
- .3 Hinged Side Doors
- .4 with OEM doorway step trim
- .5 Dual Doors and Dual Wheels
- .6 Super Single Rear Wheels
- .7 Rear Liftgate
- .8 Super Single and Dual Sliding Doors
- .9 Dual Wheels and OEM Trim
- .N No Side Doors
- .A Rear AC

# THE IMPORTANCE OF RIGID FLOORS IN CARGO VANS

A rigid floor eliminates the unevenness of the factory steel floor and creates a flat, safe working area for any mobile workspace, which ultimately maximizes productivity. All Legend floors are precision pre-cut to fit each cargo van, and can be customized to work even better for your fleet.

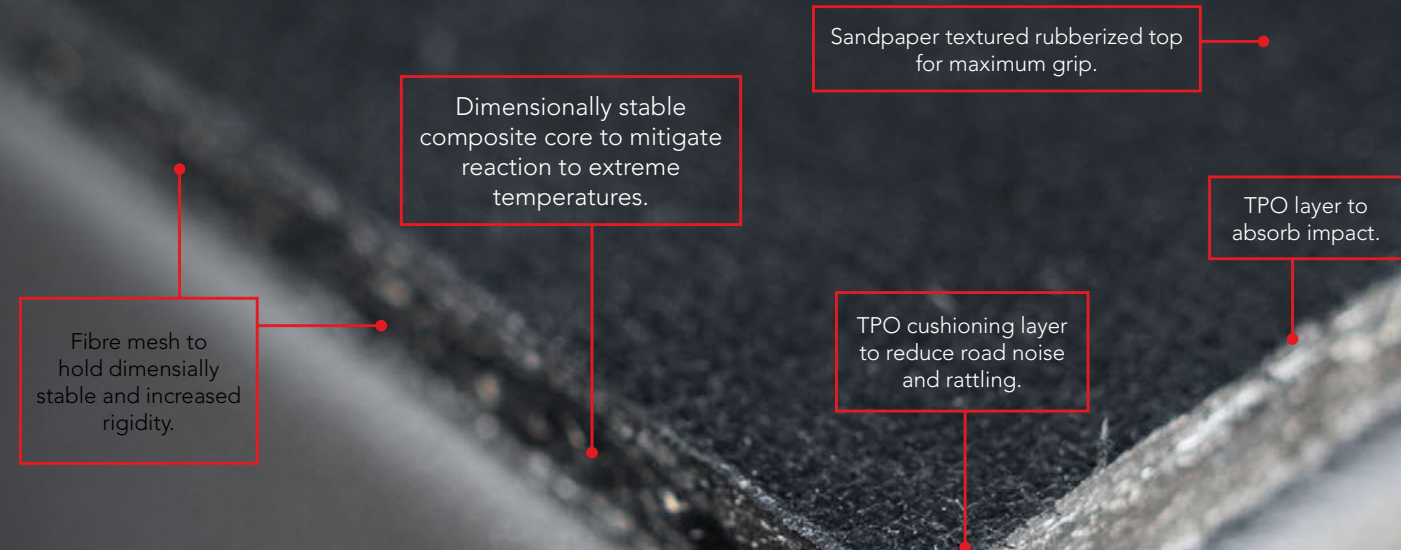

**SAFETY** – anti-slip surface for operator and cargo safety, prevents slips and trips

**EFFICIENCY** – flat working surface maximizes productivity by reducing strain on workers

**DURABILITY** – protect bare metal from impact and puncture damage

**PROFESSIONAL** – excellent brand image, easy-to-clean surface

**CHEMICAL/MOISTURE RESISTANT** – keeps work-surface dry, clean – will never rot

## WHERE DURABILITY AND SAFETY MATTER MOST

# STABILIGRIP

## THE ULTIMATE RIGID FLOOR

MADE OF  
MORE THAN  
**75%**  
RECYCLED  
MATERIALS

### INDUSTRY-LEADING ALL-PURPOSE FLOOR, BUILT FOR THE ROUGHEST WEAR AND TEAR.

StabiliGrip has proved itself as a leader in cargo van floor protection and operator safety. Its fine grip gives it the ability to slide material and still provide an extreme anti-slip surface, making it unbeatably versatile.

This legendary floor is also dimensionally-stable, meaning it will not expand and contract in extreme temperatures.

Due to its wide-ranging properties, this rigid floor allows operators of fleets of all vocations to perform their duties safely and efficiently.

- FINE GRIP MAKES FOR ALL-PURPOSE RIGID FLOOR
- WILL NOT WARP IN EXTREME TEMPERATURES
- IMPACT / PUNCTURE RESISTANT
- CHEMICAL / MOISTURE RESISTANT
- DECREASES ROAD NOISE
- SAFE, EFFICIENT, FLAT WORK-SURFACE
- EASY TO CLEAN
- MEETS FMVSS 302
- PROFESSIONAL BRAND IMAGE

STOCKED AT ALL  
WAREHOUSES

# ULTRAGRIP

## GRIPPY COMPOSITE FLOOR

UltraGrip offers an extremely grippy surface for cargo van applications , which creates a reliable surface for operators to work in. Due to being a high density plastic, this floor does have a high expansion and contraction rate; care needs to be taken when mounting product over top of this floor.

- RIGID HDPE PLASTIC FLOOR FOR DURABILITY
- IMPACT / PUNCTURE RESISTANT
- UNIQUE RUBBERIZED SURFACE FOR SAFETY
- MAINTENANCE FREE
- SAFE, EFFICIENT WORK-SURFACE
- EXTREME ANTI-SLIP

# KK-PLUS

## PLYWOOD RIGID FLOORING

With a high-quality 9-ply core, this birch plywood floor is extremely durable. Unlike other cheaper wood floors on the market, this rigid floor is reliable, long-lasting, and built for wear and tear.

- 9-PLY BIRCH PLYWOOD; EXTREMELY RIGID
- WEAR-RESISTANT PHENOLIC RESIN COATING
- TEXTURED SURFACE FOR TRACTION AND SAFETY
- VERY STABLE - LOW EXPANSION AND CONTRACTION

# TRUCK BED AUTOMAT-BAR RUBBER MAT

## PROTECT SURFACE

- Save your truck bed from scratches, dents, and damage to resale value.
- 1/4" thick rubber mat is durable, heavy-duty and long-lasting.
- Can be used across any industry. Resistant to chemicals and oils. Odour-free. Waterproof. Easy to clean.

## TRACTION AND GRIP

- Ultra non-slip rubber with checker plate surface is ideal where extra traction and safety is needed.
- Decrease chances of trips, slips, and falls.
- Cargo will stay in place rather than shifting around as it would on smooth slippery steel surface.

## PRECISION CUT

- Cut to fit each specific truck bed perfectly.
- One-piece mat makes for less than a minute install/removal.
- Custom sizing available on request.

**NOW AVAILABLE FOR ALL CURRENT MODEL YEAR FORD, RAM, AND GMC FULL SIZE PICK-UP TRUCKS.**

**THESE  
LEGENDARY  
LINERS ARE  
FIELD PROVEN  
ACROSS MANY  
INDUSTRIES**

# DURATHERM INSULATED CEILING LINERS

Ceiling Liners finish an interior protection package by creating a complete sound-deadening and thermal barrier. Without these there is no temperature control in cargo vans. Creating a finished professional appearance with the joining top sills also enhances your brand image, since the ceiling is highly visible from the exterior of the vehicle when doors are open.

- SOUND DEADENING
- IMPACT / PUNCTURE RESISTANT
- INCREASES RESALE VALUE
- PROTECTS INTERIOR
- THERMAL BARRIER
- JOINING ALUMINIUM TOP SILLS INCLUDED
- AVAILABLE IN WHITE AND GREY

STOCKED AT ALL  
WAREHOUSES

# DURATHERM INSULATED DOOR LINERS

Insulated DuraTherm Door Liners add extra protection, insulation and sound-deadening in the vehicle. The door liners protect the sheet metal or the glass in the window cavities from moving objects inside the van that could potentially cause damage such as dents or broken windows.

- SOUND DEADENING
- SUPERIOR IMPACT / PUNCTURE RESISTANCE
- INCREASES RESALE VALUE
- PROTECTS VAN PANELS FROM DAMAGE
- THERMAL BARRIER TO CONTROL TEMPERATURE
- PRE-DRILLED FOR EASY INSTALL, INCLUDES PUSH-IN RIVETS
- AVAILABLE IN WHITE AND GREY

STOCKED AT ALL

# WHEEL WELL COVERS

**Protection:** Covers allow full protection of all bare metal panels. In a cargo van, the wheel wells are one of the first things to dent and damage quickly, because of cargo loading in and out.

**Decrease Road Noise:** significantly deaden loud wheel and road noise by closing in wheel wells with extra padding.

**Thermal Barrier:** with layers of insulation, wheel well covers complete the insulation of the van's interiors.

**Professional Appearance:** enhance your brand and mobile workforce appearance.

# ALUMINIUM SIDE AND REAR SILL SET

Side and rear sills are used to protect the floor at the side and rear entrance to the cargo van where traffic is the highest. Made from high-grade aluminum, these sills are good for any application, especially when loading with a forklift. A raised finish also ensures excellent grip.

- MAXIMIZE PROTECTION FOR HIGHEST TRAFFIC AREAS
- ALUMINIUM CHECKER PLATE FOR HIGH GRIP/WEAR
- CUSTOM CUT AND FORMED EDGE PROTECTION
- PROFESSIONAL FINISH
- SOLD AS SET (REAR AND SIDE)

# SIDE AND REAR STEEL THRESHOLDS

Treadplate is a separate part, see on next page

Transit doorway thresholds are made from 14 gauge steel with a special vacuumized coating that is both sturdy and non-slip. These are more durable than the standard factory fitted thresholds, helping to protect the entrance of Ford Transits.

- MAXIMIZED PROTECTION FOR HIGHEST TRAFFIC AREAS
- POWDER-COATED STEEL FOR HIGH GRIP/WEAR
- HEAVY DUTY, EXTREMELY DURABLE
- CUSTOM CUT AND FORMED EDGE PROTECTION
- PROFESSIONAL FINISH

# MOBILE HANDWASHING STATION SHOULDERSINK

Keep your drivers cleaner and safer while working hard on the road. Allow your mobile workforce to clean their hands after visiting any places of possible virus contamination.

- **Save Time:** Always ready to use. Lower the hose with your arm, and your hands are clean in just 30 seconds.
- **Stay Clean:** All-in-one mobile handwashing station: water, soap, hand sanitizer, paper towel, and garbage bin in one compact unit.
- **Stay Safe:** Simple hand-hygiene at every stop can help slow the spread of germs and viruses.

PART NUMBER: HS1-001

ON THE JOB, RIGHT WHERE YOU NEED IT

# KEEPING YOUR DRIVERS SAFE FIRST AID KITS

KIT INCLUDES:

**SUPA-BOND™**  
PROPRIETARY ADVANCED  
ADHESIVE PERFORMANCE

**TOTAL  
109  
PIECES**

## FIRST AID KIT (& RE-FILL KIT) INCLUDES:

SureFill® First Aid 25 Series Kits have been designed to cater for small mobile workspaces and includes quality first aid products required to treat injured workers so they are able to return to the job. These durable cases ensure contents are protected from the day to day exposure to dust and damage.
