

CUSTOM-FIT
FLOORING

IT'S MORE THAN A FLOOR

Ranger Design's unique flooring system with integrated aluminum mounting tracks provide a flush surface, making it easy to install a variety of Ranger Design shelving, equipment and accessories.

Ranger Design's custom-fit rigid flooring system is available for nearly every type of service van. Designed to provide added safety and a quieter ride, these impact and puncture-resistant floors give your van a professional look. Additional benefits of these flooring products include:

- › Much safer due to load distribution
- › Economical – as flooring has integrated mounting tracks
- › No thermal expansion – No buckling or distortion
- › Vehicle protection – Protects your vehicle and prevents damage to the factory floor
- › Custom fit – Easy installation by one person: place floor in once, then bolt it down
- › Ships on standard size pallets, easy to stock
- › Quieter ride – Reduces noise from the cargo area
- › Professional details – A clean, professional look that's easy to maintain
