

THE PERFECT FIT
FOR YOUR
TOUGHEST JOBS

CARRY YOUR BOTTLES AND TANKS
SAFELY WITH RANGER DESIGN'S

STEEL BOTTLE HOLDERS

RANGERTM
DESIGN

*Our Promise: To Help You Work More Effectively
by Providing Organized Storage Solutions.*

DESIGNED TO OFFER SAFETY AND DURABILITY

Ranger Design's steel bottle holders offer an economic means to safely carry your bottles and refrigerant tanks to and from the job. They were designed around our three main principles:

TOUGH

This durable steel bottle holder is designed to carry a wide variety of bottles, ranging from small 30lbs bottles, up to 50lb bottles.

SAFE

Like all Ranger Design products, our steel bottle holders have been rigorously tested to ensure that they will stand the test of time. Each bottle is held with a sturdy polyester strap and metal clasp to keep them immobile while on the road.

SIMPLE

Designed to fit all cargo vans, the bottle holder is broken into 4 parts, making assembly and install a quick process.

6013-3

The top of the holder is also compatible with our yellow bins for an extra storage option.
