

Once the water table is used, returns are not accepted.

Keep instructions for future use.

3+ years  
Age limit

**WARNING:** Read all instructions before assembling this unit.  
**WARNING:** Failure to follow these instructions can result in serious injury or death.  
**WARNING:** Falls onto hard surfaces can result in head or other serious injuries .

**WARNING: DROWNING HAZARD**  
There is a risk of young children drowning around open containers of water. Adult supervision is always required.

**WARNING: BURN HAZARD**  
Always check the temperature of the water table before letting your child play with it.  
The water table may get very hot if left in direct sunlight and can cause serious burns.  
Always be aware of weather conditions. Do not assume the water table is safe to play with based on the temperature outside.

**CAUTION!** This product contains small parts that are necessary for assembly. Prior to and during assembly of this product, keep small parts out of children's reach. Small parts pose a choking hazard to children under 3 years old.

## Ready to Play?

**First, read all of the instructions before setting up or using your water table.**

### Operating Rules

1. Adult supervision is required at all times, including during setup and takedown.
2. Ensure proper setup prior to use. Adult setup only.
3. Set up on level ground in a safe area.
4. Make sure water table pieces are securely in place before use.
5. Do not allow children to sit or stand on the water table.
6. Always check the temperature of the water table before letting your child play with it. The water table may get very hot if left in direct sunlight and can cause serious burns.

**Adult setup only.**

**Never leave children unattended.**

## Water Table Assembly

### ADULT SET UP ONLY

1. Remove water table contents from the box.
2. Place the water table basin upside down on level ground and insert the four provided legs into the holes. Once legs are secure, flip the table upright so the legs are on the ground.
3. Place the two towers on the two raised areas of the table basin. The towers will easily slide onto the raised areas. Use two of the provided screws to secure the towers to the basin.
4. Slide the tower connector piece on top of the two towers. Secure the tower connector to the towers using the remaining two screws.
5. Place the two strainer buckets in the designed holes in the tower connector.
6. Assemble the blue starfish feature by sliding the base onto one of the water table's straight edges. Then push the revolving handle all the way into the hole on top of the base until it clicks into place. Connect the starfish-shaped piece to the revolving handle.
7. Fill the table with water, gather the other included toys, and have a splash!
8. Do not place the water table on concrete, packed earth, or uneven ground. Falling into a sharp object can result in serious injury to the user.

## Maintenance Instructions

1. Inspect this product before each use.
2. Tightly secure connections and replace damaged or worn components.
3. Contact Smol for replacement parts.
4. Do not replace damaged or worn parts with non-Smol parts. Injury may result.

## Safety Instructions

- Children must be supervised by an adult at all times.
- Children should not use the water table until it's properly assembled by an adult.
- Holds up to 22L of water.
- Take indoors—or do not use—when the temperature drops below 32°F (0°C).
- Secure all pieces as indicated in the instructions
- Do not climb, sit, or stand on the water table.

## Care & Cleaning Instructions

- Thoroughly wash accessories before use using a 50/50 mixture of white vinegar and water.
- Check product periodically for any damage or potential hazards.
- Remove debris, drain water, and replace with new water frequently.
- Disassemble the water table occasionally to sanitize the individual pieces and dry them thoroughly to prevent bacterial growth.
- Separate each tower into two pieces by pulling the faceplate from the main body of the tower.
- Once separated, clean, sanitize, and dry the four separate pieces. Water easily leaks into the towers, which can lead to bacterial and fungal growth. Failure to separate and clean these pieces is dangerous to health.
- Store in a cool, dry place away from direct sunlight or extreme weather.

## Disposal Instructions

- Recycle if possible. Disposal must be in compliance with all government regulations.
