2Thumb “The Grip That Wins” congratulates Staff Professional Matt Wallace on his T-7th Place Finish at the Valspar Championship

(NOVI, MI) - 2Thumb, “The Grip That Wins”, announced today that Staff Professional, Matt Wallace, captured a T-7th Place Finish on the PGA TOUR at the Valspar Championship held at the Innisbrook Resort in Palm Harbor, Florida this past weekend.

Wallace shot rounds of 71, 67, 70 and 72 to finish at 4 under par for the tournament and collect a paycheck for \$254,475.00.

Used by Matt Wallace to capture 10 Professional Tour wins so far, the OG Taper Lite 43 is based on the design of the Original 2THUMB grips specifically developed to keep shoulders aligned while reducing grip tension.

The OG TAPER LITE 43 is an incredibly versatile grip that will accommodate all of today’s gripping styles, from Conventional, Claw, Left hand low, Prayer etc. Its tapered design stays true to 2Thumb’s Classic range of grips which promote even grip pressure across both hands and by doing so reducing potential wrist action.

ABOUT 2THUMB GRIP

2Thumb Grip, The Original Flat Top Grip since 2004, strives to make putting easier for golfers of all levels. They produce a range of ergonomically designed putter grips that aid grip alignment, help prevent grip twist and ensure an easily repeatable stroke.

At 2Thumb, we believe that putting is the single most important skill in golf and it's our passion. The connection point or contact area between the player and the putter is where our innovative and patented designs make a real difference to players of all levels.
