

## Meet Melanie White The Beauty Ritual Mentor

Master Esthetician and an Expert Beauty Mentor with over 20 years of experience providing luxury facial treatments, product and ingredient analysis, and self-care coaching expertise. Most importantly, I am a mom. Coupling my passion for life with my appreciation for beauty, I have founded **The Skincare Boutique** and complete beauty guides to support women that self-care is not a chore, but a ritual, a lifestyle.

### My Skincare

I have developed **skincare systems** with advanced ingredients to provide clients visible results. I combine medical strength actives, concentrated botanicals, marine extracts, and powerfully engineered antioxidants based on dermatological science to create formulas that deliver. Cruelty-free and non-irritating, dramatic visible results are backed by a decade of happy clients. Luxury medical grade skincare for all of your skin concerns, coupled with women's devotionals & prayer journals. Supporting our overall beauty ritual experience towards total self-care.

### Today's Woman Self-Care Needs

Today's woman needs to take time for all of her self-care needs, including body, soul and spirit. Melanie's Seasonal Beauty Rituals, have been refined, perfected, and clinically proven to deliver impressive results time after time. She designs self-care rituals to improve the overall woman. Skincare routines for skin health & anti-aging coupled with women's devotionals & journals. This supports our overall selves for **complete self-care**. Where your true self confidence, inner and outer beauty are supported. Let's dive into your best glowing self you've always desired.

I have included **motivational scriptures** throughout my packaging. If every woman read these as part of her self-care ritual, creates an opportunity to step into a deeper level of inner beauty and confidence, helping us to be unstoppable women, partners, mothers, bosses, and nurturers. This grounding practice will help calm anxiety, fear, scarcity, and everything else we face every single day.

**My values** are deeply ingrained in supporting the strength of women. I'm here to support you on your journey towards aging gracefully, self-discovery and unconditional love. A professional, customized, high-touch experience is at the heart of everything I do. I pride myself on the expertise, experience, and development of tailored beauty rituals targeted toward specific concerns, and goals.●
