

Haslingden Cricket Club is proud to be a club which encourages families to use our facilities.

With this is mind **children are welcome** to be in the club & on the grounds **when accompanied by a responsible adult.**

However please respect the enjoyment of all our club members and customers by ensuring that children in your care behave with respect towards other members, customers and our facilities, this includes no playing of any ball games inside the clubhouse.

The manager and staff have the discretion to ask adults and the children in their charge, to leave the club if they or the children in their charge are disrupting the enjoyment of others.

> Many thanks in advance Haslingden Cricket Club.
